THE STORY BEHIND F-1 VISA STUDENTS

Mt. San Antonio College is “committed to providing quality education, services, and workforce training so that students become productive members of a diverse, sustainable, global society.” The presence of students studying at Mt. SAC on a Foreign Student Visa (F-1) adds to the diversity of the institution and enriches the lives of the Mt. SAC community through sharing varied cultures, religious beliefs and philosophical stances. Infusing F-1 student experiences in the classroom with various cultural perspectives better prepares students to be more receptive to global perspectives.
