Concept Check: あげる・くれる・もらう

In Japanese, there are two verbs that can be used to describe “to give.” These verbs are あげる and くれる. Which one we use depends on who is the giver, who is the receiver, and what their relationship to each other is. When we want to phrase a sentence with the receiver as the subject, we need to use the verb もらう. Watch the video below to review when to use あげる, くれる, and もらう.
