		What are resources needed for PIE? Research, POD
		Meghan mentioned monies in the amount of \$2 million for Student Equity.
		5 criteria:
		• access
		<ul><li>basic skills</li><li>ESL</li></ul>
		• transfer
		• completions
		How are we doing in these areas? In regards to age, gender, ethnicity, etc.
		We need to put together a plan so that we may be able to get some of the money allocated for
		this.
		Need to look at equity for DL?
		Interventions group - tutoring, counseling, DSPS, EOPS, textbook rental.
		Future Directions Group
		Challenge for our group is that we don't know the demographics of our students. However we
		believe that income is a huge factor.
		Need to survey DL students.
		• Faculty loarning community
		Faculty learning community interest in separt model?
		<ul><li>interest in cohort model?</li></ul>

## **Website DL Launch**

- Mid June (30 days before start of Fall registration)
- Present to faculty prior to roll out. Gather feedback?
- Have draft ready by 2nd Tuesday of June (10th). Demo to DLC (Hugo and Carol), then counselor's meeting (10-15 minutes)
- Make handout with draft information to share to peers, also share via email to counselors
  - Counselors, DSP&S,
- Talk to Paul about "Guide on the side", (which runs off MDID server? no)
  - Share information with AS, associated students

Communicate with Counselors, show make-up of website and then follow-up after they have used the website with students.

Mary to contact Wanda Fulbright-Dennis @ counseling (dept head) for presentation of the new DL student focused website. - also contact DSP&S (Julie Bradley still dept head?) and contact Associated Students for a meeting in June after our last DLC meeting.

Mary to email ANNOUNCE when new DL web ready (make sure that students get the email also).

Meghan brain storming - Faculty Learning Community /Cohort groups - SPOT groups (community of users) Once a semester (or during Elearning workshops on lunch break) getting group together - Best Practices/pedagogy, etc. Offer food & prizes - 1 1/2hr-2 hr max. \$\$ for guest speaker(s). OLSC should put this BROADLY in PIE.

We should research a study on requiring students to take some DL training prior to first DL class. Perhaps break the students into 3 groups: control group, group taking STDY85C, group taking some training, such as lab sessions. Will need RIE support for this study. We should work on a beginning research document.

Paul to demo "Guide-on-the-side" next OLSC meeting.

We may want to develop a course that starts with a physical presence event that starts a cohort-could be used for SPOT or even a refresher course. Each semester we could do a small-budget event intended to create faculty cohorts.

All but Meghan to meet to discuss the Moodlerooms Survey 5/20 2:30p.m.-3:00p.m.

	OLSC Meet June 3 -1-3 to discuss PIE. Think about needed resources.
	Mary's additions - purple!
