89	The new mascot should embody characteristics that demonstrate Mt. SAC's strengths. For example, the Wildlife Sanctuary is an essential and important place of study for bio students (STEM students in general) and as a wildlife preserve (so to speak); I would liken this to the quality of perseverance, as Mt. SAC works to preserve at least one "safe" place for nature to exist in a busy city. As for intelligence, many Mt. SAC students are transfer students going into very technically challenging fields (I am a STEM student myself, so I'm a bit biased here). Finally for strength, I would say that for many people the journey as a transfer student (again, a bit biased as I was one) is often challenging, but with the many resources offered to students, we can succeed and become stronger students and advocates for ourselves.	12/14/2023 9:43 AM

The mascot should incorporate elements from the LGBTQ+ flag, conveying themes of inclusiveness, acceptance, and resilience. Its design should blend traditionally masculine and feminine clothing elements in a way that doesn't conform to traditional gender norms, illustrating versatility and openness. The mascot's facial features should be expressive, showcasing emotions and character over gender, with a friendly, energetic, and approachable demeanor. The pose should exude confidence and inclusivity, steering clear of overly masculine or feminine postures. This mascot should appeal to a broad audience, embodying the spirit of inclusivity, respect, and unity. It should also feature customizable aspects, like changeable outfits or accessories, to represent diversity and fluidity.	12/13/2023 1:53 PM

I also think of intelligence and nobility, with the school being granted numerous awards to students and staff for their academic and athletic achievements. I think of nobility when it comes to Mt. SAC being honest and humble but very proud of the achievements whether athletically or academically that students and staff have worked so hard for.	12/13/2023 12:50 PM

490	Personally I think Joe Mountie is great! he is fun and represents the school well. What I think would be great is if he were to have slight changes for each department. Think Mickey Mouse as regular, then Mickey dressed as a pilot in California adventure next to "Soarin". Or mickey in adventure land dressed like he is ready for a safari... Joe Mountie could represent the different departments in this way. As a pilot for the flight department, as a welder for the welding dept. as DR. or nurse for the medical. As a farmer for agricultural. This would be fun.	12/8/2023 11:23 AM

For example, the school may have unique teaching methods in certain areas, or outstanding traditions in sports/arts/research, etc. The mascot design should reflect these characteristics. 2 Incorporate the school's history and traditions. Choose important figures, classic buildings, school mottoes, etc. from the school's history as inspiration sources for the design. This can enhance the sense of identity for alumni and current students. 3. Demonstrate innovation and contemporaneity. Although it has historical traditions, the mascot design should still have sufficient creativity and conform with current aesthetic trends to catch the eyes of the younger generation. Appropriate exaggerated and humorous elements can be added. 4. Maintain simplicity and elegance. Overly complex designs are often hard to remember and propagate. The mascot's silhouette should be simple and clean and ideally can become a symbolic icon for the school. 5. Highlight amiability. No matter what form the mascot takes, it should have a friendly and upbeat aura that makes people like it at first sight.	12/5/2023 1:34 PM

772	The Joe Mountie mascot was always a bit creepy in the suit. I worked on a team as the art director for a rebrand of the mascot with Mt. SAC's Studio 13, where the Creative Director, Monico Orozco, and the Athletic Dept.'s Ruh Professors drafted up a companion Mountie Dog to Joe. This way Joe would be slowly replaced by the Saint Bernard with the rescue barrel collar, Montie the Mountain Dog. We made a children's book for him and how he knows Joe Mountie and became his friend. I would implore you to inquire with Monico Orozco at Studio 13 and with the Athletic Depts Professor Ruh. You may even want to sell the book in the Mt SAC Book Rack. Me and several other graphic designers at Studio 13 also made logo's based on Montie the Mountain Dog.	12/5/2023 1:21 PM

1861	I personally love the current mascot. The reality is that all us of are going through a journey of highs and lows and the fact that he is a mountaneer seems only fitting. We all come to Mt. SAC with our goals and dreams and then we persevere and endure to achieve them by any means necessary. The proverbial mountaintop is reaching our goals one at a time and then descending into the grind again toward the next goal moving forward. I love the grind Joe Mountie represents.	11/29/2023 7:16 PM

1979	I would want a friendly and overall motivational mascot something all ages can enjoy. A mascot that can go well with the overall theme of the college being of wanting to learn more and do more. A symbol of not giving up and always trying your best. And hopefully the mascot would look both cute and cool at the same time. Like Montie the mountain dog existed before I went to college and I think is a great mascot. He doesn't need to come back as a actual animal a mascot like how nfl has or other colleges have would also be a great fit. I feel like something that is native to our area would be a good choice. I hate the name Mountie. When I moved here from Chicago to take the job it struck me as odd and only made sense when I heard about MOUNT San Antonio /Baldy. I lived in Alaska. ## Q7 What suggestions do you have to ensure that the new mascot is inclusive and respectful of all cultures, backgrounds, and identities?

Answered: 1,924 Skipped: 1,758

#	RESPONSES	DATE
1	Inclusive is a state of mind, you can't rewrite history to make yourself feel included, you should respect it and be part of it.	12/17/2023 11:10 PM
2	None	12/17/2023 7:55 AM
3	Safety and security	12/16/2023 11:03 PM
4	The mascot shouldn't be an individual being/person, but instead an animal that represents these qualities. Or just make it an amalgamation of these qualities as abstract ideas put together into a brand-new design (leave it to the art majors)	12/16/2023 10:49 PM
5	.	12/16/2023 9:31 PM
6	The new mascot should have a plethora of outfits, costumes and accessories that will enhance its' appearance to respectfully represent inclusiveness of all cultures and backgrounds.	12/16/2023 5:59 PM
7	Use a variety of colors.	12/16/2023 4:31 PM
8	Make it an animal	12/16/2023 12:26 PM
9	No need to emphasize inclusiveness. Mascots per se emphasize community. Inclusiveness is the flavor of the day, and rightfully so, but if our mascot communicates community with the traits you've previously discribed, then inclusivity is an assumed given.	12/16/2023 11:48 AM
10	N/A	12/16/2023 3:17 AM
11	Don't over think it	12/15/2023 11:30 PM
12	The new mascot must show genuine respect for others from all different cultures and backgrounds.	12/15/2023 10:58 PM
13	A whole new character	12/15/2023 10:27 PM
14	It focuses on the characteristics of the mascot itself. For example, if it is an animal, just focus on representing that animal in appearance and maybe wearing Mt. SAC gear.	12/15/2023 9:55 PM
15	Do not overthink especially if it's an animal. An animal cannot be disrespectful towards anyone's culture or background or identity. Some people may not like it but that's okay.	12/15/2023 9:34 PM

67	Well Balance of Colors	12/14/2023 11:12 AM
68	I believe respecting cultures is important and includes all. my suggestion is, have the mascot wear a small token of that particular culture during its respective celebrating month. it could be a scarf, pin, hat, or a particular piece of clothing that represents that culture. have the students and staff bring ideas to the table, as this will include the school as a whole.	12/14/2023 10:08 AM
69	Opened to everyone	12/14/2023 9:57 AM
70	Since the possible mascots below are all animals, I think choosing one that represents any of the above characteristics (that I selected, at least) should reflect that. This eliminates the issue that human caricature-based mascots often bring, as is the case with the current Mountie Joe.	12/14/2023 9:43 AM
71	Taken into account that this survey is being taken by the student body, I believe that any outcome will be inclusive and respectful by default.	12/14/2023 9:12 AM

480	To ensure our new mascot is inclusive and respectful of all cultures, backgrounds, and identities, it's crucial to involve our diverse student body in its creation. We can organize a collaborative effort where students from various cultural backgrounds come together to brainstorm and propose ideas that represent our collective heritage. By encouraging students to contribute their unique perspectives and ideas, we foster a sense of unity and respect for all cultures within our school community. Holding a vote allows everyone to participate in the decision-making process, ensuring that the final mascot embodies the values and inclusivity of our school while celebrating the richness of our combined cultural tapestry. This way, we create something new and beautiful that truly reflects the diverse beauty of our school.	12/5/2023 9:59 PM

486	I think to create a mascot requires it to have characteristics humans have and i remember joe Mountie being an eskimo and having a raccoon furred hat. Joe gives the college a sense of outdoorsy feel and creativity. I would like elements of arctic character or a character who loves animals. The raccoon hat could be a raccoon instead, and joe can have him on his head smiling.	12/5/2023 8:26 PM

## Mt. San Antonio College New Mascot Survey

516	To ensure that the new mascot is inclusive and respectful of all cultures, backgrounds, and identities, it would be great to involve input from diverse perspectives during the mascot design process. We can also consider incorporating symbols or elements that represent unity and diversity. What are your thoughts on these suggestions? Do you have any other ideas to promote inclusivity and respect?	12/5/2023 4:47 PM
517	An animal for example has no real face or identity that would disclude anyone. Instead of catering to any one specific or few identity(s) it should be separate of all kinds in order to not disclude or validate any one more than the other.	12/5/2023 4:35 PM
518	Stay away from anything stereotypical in dress or facial characteristics.	12/5/2023 4:30 PM
519	Animal	12/5/2023 4:14 PM
520	I would say pick an animal that is very inclusive to everyone like a bear.	12/5/2023 4:06 PM
521	The mascot should not have any defining characteristics that lean towards a certain background. Leave things up for interpretation.	12/5/2023 4:03 PM
522	Treat everyone the same.	12/5/2023 4:00 PM
523	Being that it is an animal, you would have the chance of offending anyone or a group of people. Do not pander excessively to the student body. Have conviction and make a choice.	12/5/2023 3:55 PM
524	No cultural appropriation	12/5/2023 3:49 PM
525	Maybe prevent unheard of names from a specific mythology or religion so that nobody feels detached from the new mascot.	12/5/2023 3:46 PM
526	None	12/5/2023 3:42 PM
527	i think an animal would be respectful of all cultures, backgrounds and identities.	12/5/2023 3:36 PM
528	Potentially use the diversity of Mt. Sac as inspiration for the design of the mascot in some way.	12/5/2023 3:32 PM
529	The best inclusive mascot would be an animal of some kind.	12/5/2023 3:30 PM
530	Don't go crazy with the pronouns(he, they, she). It doesn't have to be too much into politics and or social media stuff. As long as the mascot, can give students motivation through the school year in accepting way then it should be fine.	12/5/2023 3:29 PM
531	Not at the moment	12/5/2023 3:26 PM
532	I would recommend that the new mascot not be a person, but possibly an animal instead.	12/5/2023 3:16 PM
533	no suggestions	12/5/2023 3:14 PM
534	avoid human mascots	12/5/2023 3:12 PM
535	the idea of not having the mascot be a person is awesome	12/5/2023 2:43 PM
536	not sure	12/5/2023 2:43 PM
537	Making it an animal not indicative of any cultural stereotypes is a good starting point. if it were up to me, I would make it an animal native to the area, such as a mountain lion.	12/5/2023 2:39 PM
538	Encourage positive	12/5/2023 2:33 PM
539	make it look mean	12/5/2023 2:30 PM
540	Make the mascot follow the Holy Bibles 10 commandments.	12/5/2023 2:26 PM
541	I would like whoever is making it to ensure of the background this mascot had, and to make sure they hear opinions from others, from different people and races, the new mascots needs to be appealing and liked by everyone no matter their race, that's why I think is important to get others opinios.	12/5/2023 2:26 PM
542	Do your research, make sure we are making the best choice. We are more than our mascot but we want to choose something we can be proud of for the next 75 years.	12/5/2023 2:16 PM
543	Do a background check before picking!	12/5/2023 2:09 PM

546	Grounded on the historical roots of the geographic area. Maybe looking at native wildlife for inspiration.	12/5/2023 2:02 PM
547	Do not use any appearance that identifies with any ethnicity.	12/5/2023 1:56 PM

That's what we are; we are our own tribe. In order to be inclusive, a collective symbol is needed, not an individual one.	12/5/2023 1:24 PM
561	Again, if you look into the Montie the Mountain Dog book that I made with a team of artists at Studio 13 with the clients being the Athletic Department's Professors Ruh, you would see how loved this dog was and that he made everyone feel love and involved. He was a dog, so he didn't represent anything that would be offensive. He was very charming and well behaved, so everyone loved to pet him and interact with him.	12/5/2023 1:21 PM
562	Maybe don't make it a person at all? Animals are already inclusive I think.	12/5/2023 1:19 PM
563	Use an animal	12/5/2023 1:18 PM

Conduct cultural sensitivity training, consider community input, and prioritize symbols and imagery that promote unity, respect, and diversity. Regularly assess feedback to make necessary adjustments.	12/5/2023 12:20 PM
594	It's crucial to engage the community throughout the mascot creation process, seeking input from various backgrounds to ensure representation and avoid inadvertent insensitivity. The mascot should serve as a unifying symbol, respecting and reflecting the rich tapestry of backgrounds and identities within the community.	12/5/2023 12:16 PM

838	Well it's hard to be inclusive to all cultures. That's just something that's impossible, but it's very easy to be respectful to all cultures. Do not worry about inclusivity just try to make sure that the news mascot can't be used for negative reasons. This is the last part I'm writing in, I talked about raccoons and how that could be used in a negative way. As well as promoting using the name, Miguel, to pull from Hispanic roots of the region. Sadly, there's always gonna be someone mad, if you use a cultural name, or if you do not.	12/2/2023 1:48 AM

Perhaps the new mascot will neither be male or female to resonate with any and all students' identities. If the mascot is male or female, do not add features to differentiate the two unless they are scientifically accurate to the species (ex. no eyelashes or curves for a female mascot).	11/30/2023 9:52 PM

It does not always have to mold to students at the moment but live on through the decades. What's Notre Dame without the fighting Irish? Should that be changed because not everyone that goes there is Irish? Purdue are boilermakers. Students are happy to represent the school and be boilermakers. What the heck is a boilermaker anyways? I know but seriously does someone contemplate the mascot and not go to that school based on the mascot? Just food for thought.	11/30/2023 9:35 PM

943	I don't think there's anything anyone can do to make it respectful in every way to all cultures, backgrounds, and identities. As long as we can embody and foster a welcoming, loving, and nurturing environment with a mascot that represents all of that, people will come to associate the school and mascot in a positive light regardless of what minority may have a problem with it. We won't be able to please everyone, and I don't think we should either.	11/30/2023 5:13 PM

1025	to ensure that you research the historical context of any idea to ensure that cultures are uplifted and represented.	11/30/2023 12:07 PM
1026	I think it should be culturally appropriate for all students	11/30/2023 12:06 PM
1027	Turn it into a mountie animal	11/30/2023 12:06 PM
1028	For me i would love a mascot that is unique and not feel limited since it wont feel special if its has to be limited and not be created through the genius creators behind the desk and their creative minds and visions .	11/30/2023 12:03 PM
1029	Nothing that I can think of.	11/30/2023 12:01 PM
1030	Being respectful and being aware that all our students are unique and come from different backgrounds, it can ensure the sense of respect and belonging to all our students/faculty.	11/30/2023 11:55 AM
1031	make it an animal - I envision a St. Bernard dog. In several films, Saint Bernards have been portrayed as loyal, happy-go-lucky creatures known for mountain search and rescue. These dogs are very large, powerful, and muscular dogs. This breed is thought to have been first bred as a watchdog at a monastery in the Swiss Alps in the 11th century.	11/30/2023 11:55 AM
1032	It should be an animal native to the surrounding area with no ties to anything favoring a certain group or person	11/30/2023 11:51 AM
1033	If it is a humanoid kind of mascot, its gender and race and such should not seem obvious. If not, then use something that doesn't have any connection to any kind of stereotype.	11/30/2023 11:50 AM
1034	Involve all	11/30/2023 11:46 AM
1035	I have no suggestions besides that I want it to make people feel like at home, safe and a way that mtsac helps you take little but secure steps to success.	11/30/2023 11:44 AM
1036	Ugh please do not make this a catchall mascot that stands for everything and therefore stands for nothing	11/30/2023 11:43 AM
1037	Representative of Mt sac community and is a welcoming symbol to others.	11/30/2023 11:43 AM
1038	umm i'm not sure	11/30/2023 11:37 AM
1039	Stay away from using cultural references	11/30/2023 11:36 AM
1040	Not sure	11/30/2023 11:34 AM
1041	n/a	11/30/2023 11:29 AM
1042	Make the mascot inclusive, something that everyone can relate to a little	11/30/2023 11:27 AM
1043	Let's Google the history of a mascot before choosing it this time :)	11/30/2023 11:25 AM
1044	Should have animal's characteristics but should be able to change the costume based on the event, or season	11/30/2023 11:24 AM
1045	Don't make the new mascot a human.	11/30/2023 11:23 AM
1046	remain the logo M include mountain, memory, major, master, main idea, multi culture, and more.....	11/30/2023 11:22 AM
1047	The Red-tailed Hawk is a common breeding resident in Southern California. We always see them around campus. So, that makes the most sense.	11/30/2023 11:19 AM
1048	Good background	11/30/2023 11:18 AM
1049	Ollie the raccoon	11/30/2023 11:18 AM
1050	We should respect its cultural roots as well as do our best to accommodate the general populace. Find a balance between the new and old.	11/30/2023 11:15 AM
1051	If it's relatable to all students, they can connect with it.	11/30/2023 11:11 AM
1052	To be kind to all.	11/30/2023 11:10 AM
1053	I think the new mascot should be an animal since there's nothing offensive about animals.	11/30/2023 11:10 AM

## Mt. San Antonio College New Mascot Survey

1054	I think the best way to ensure that the new mascot is inclusive is to not have the mascot represent a person but maybe an animal, instead of a person wearing a racoon hat, make the mascot the racoon himself so that way we are not representing a specific race and still get to keep the same key feature that was in the original mascot	11/30/2023 11:09 AM
1055	Do not use cultural symbols as characters and pick something that has no history or importance to any cultural group.	11/30/2023 11:04 AM
1056	no mascot at all	11/30/2023 10:59 AM
1057	It should include an animal that can be identified universally but is also not tied to a controversial background and also have colors that resonate with Mt. SAC and catches the audience's attention.	11/30/2023 10:58 AM
1058	I think you can avoid stereotypical themes with negative connotations.	11/30/2023 10:58 AM
1059	Being neutral.	11/30/2023 10:57 AM
1060	Maybe an animal because it dosent exclude anyone	11/30/2023 10:55 AM
1061	Montie Jr	11/30/2023 10:53 AM
1062	The mascot should not see the difference between colors and treat everyone with equality.	11/30/2023 10:52 AM
1063	The Mascots garments should be a reflection of all cultures.	11/30/2023 10:52 AM
1064	N /A	11/30/2023 10:45 AM
1065	run it past lots of representatives of different groups	11/30/2023 10:41 AM
1066	The mascot should different aspects from different backgrounds, for example clothing or accessories while seeking out those communities asking which are appropriate to use and for permission. Communicating with these communities to ensure everything as accurate as possible and respectful.	11/30/2023 10:39 AM
1067	Make the mascot any gender OTHER than male. Or make gender less.	11/30/2023 10:39 AM
1068	Yes, making sure the new mascot is inclusive and respectful of all cultures, backgrounds, and identities.	11/30/2023 10:39 AM
1069	leave mascot like old mascot as much as possible	11/30/2023 10:37 AM
1070	N/a	11/30/2023 10:32 AM
1071	give him a cool mt sac varsity jacket and sun glasses on his head. he's a cool bear that represents mt sac. sun glasses are universal, and people of all ages wear them in the California sun... Make him a stylish bear. in the winter you can put the glasses on him and a beanie on his head. He's everyone friend.	11/30/2023 10:27 AM
1072	I suggest not using a human-formed mascot. Also making it gender neutral is useful too. Animals or insects seem to work great for other institutions of higher education	11/30/2023 10:24 AM
1073	Use an animal instead of a human	11/30/2023 10:22 AM
1074	Stick to universal human attributes- we all want kindness. Competitiveness is a poor motivator- stay away from hostility & violence. There's enough of that already.	11/30/2023 10:14 AM
1075	A sense of belonging Excitement and positivity Respect and admiration Other (p	11/30/2023 10:12 AM

1078	Don't make the mascot "inclusive", just make the mascot fun.	11/30/2023 10:04 AM
1079	No people. You can use an animal or symbol.	11/30/2023 10:02 AM
1080	A mountain dog	11/30/2023 10:01 AM
1081	This survey is a good start. Have a representative group of students make the final selection.	11/30/2023 9:59 AM
1082	Use an animal or something within nature so no one is offended.	11/30/2023 9:59 AM

1083	N/A	11/30/2023 9:59 AM
1084	Just a welcoming presence, no need to be too straight forward with diversity.	11/30/2023 9:58 AM
1085	The logo could incorporate native patterns perhaps.	11/30/2023 9:56 AM
1086	Probably use animals, graphics, or landmarks	11/30/2023 9:56 AM
1087	Stick to the origins and symbolism of the intended mascot meaning and definition of a "mountaineer" and what it stands for	11/30/2023 9:55 AM
1088	Make sure that they don't have any ties back to anything bad that happened to a certain group	11/30/2023 9:54 AM
1089	not identified with any group	11/30/2023 9:53 AM
1090	None	11/30/2023 9:48 AM
1091	I'm not too sure exactly but I know mt.SAC will find a way!	11/30/2023 9:45 AM
1092	I don't necessarily have one, but that's why I thought the emotion sense of belonging was a great option because that is what we want our mascot to represent to everyone when they see our mascot and when considering to come to Mt. SAC.	11/30/2023 9:45 AM
1093	It should not be a human or non-human animal mascot.	11/30/2023 9:42 AM
1094	We could be the Mt.Sac Mountain Chickens. Or like the dogs/wolves.	11/30/2023 9:40 AM
1095	Acknowledge all the cultures and backgrounds, respect and celebrate all different costumes and traditions of all students.	11/30/2023 9:39 AM
1096	Avoid images of people.	11/30/2023 9:34 AM
1097	Listen to minority perspectives	11/30/2023 9:31 AM

1102	No snake please. Some of use have herpetophobia.	11/30/2023 9:20 AM
1103	No mascot that references a culture or person i.e aztec, redskins, etc..	11/30/2023 9:18 AM
1104	The new mascot should intimidate everyone equally.	11/30/2023 9:13 AM
1105	This is likely an impossible task...	11/30/2023 9:12 AM
1106	Nature and animal doesn't have any discrimination. So It is better to use, for example: sun, moon, trees, planets, strong and graceful animals.	11/30/2023 9:08 AM
1107	The mascot should exude the American dream, all are created equal by our Creator, equal opportunity, freedom of life, liberty, and the pursuit of happiness.	11/30/2023 9:04 AM
1108	Let's go with an animal (a bighorn sheep is what I would like since those are found in the San Gabriel Mountains)	11/30/2023 9:00 AM
1109	The mascot must show pride of our school.	11/30/2023 8:58 AM
1110	A background that shows different majors	11/30/2023 8:48 AM
1111	they could have accessories of the cultures, like clothes, or seasonal capes	11/30/2023 8:46 AM

1114	Animals are their own entity and should not have any impact on if someone feels their identity is being disregarded.	11/30/2023 8:43 AM
1115	Use an animal, so other people don't have to cry and protest.	11/30/2023 8:41 AM

	person or individualistic characteristics.	
1117	Do not have it as a human, it could lead to some being offended and all. I think some type of animal would be best.	11/30/2023 8:38 AM
1118	Yes awareness spreading	11/30/2023 8:38 AM
1119	Don't personify it, keep it universal like a logo or animal.	11/30/2023 8:36 AM
1120	Let the students and staff have a voice and get to vote for the new mascot.	11/30/2023 8:35 AM
1121	Na	11/30/2023 8:34 AM
1122	should embody and promote the ability to be anyone you want to be no matter your background.	11/30/2023 8:33 AM
1123	If we're being real here, that's not going to happen if the mascot is a human being, historical figure, or creature with any racial references. It would have to be something anybody can envision as an aspect of their own personality that reflects admirable qualities.	11/30/2023 8:31 AM
1124	I think brainstorming some kind of animal would be an inclusive way of picking a new mascot. It is fun to see someone wearing a mascot costume when it is an animal as opposed to a person.	11/30/2023 8:29 AM
1125	The mascot should be seen on campus at a variety of different events and activities being held , of all programs at Mt Sac to inspire others .	11/30/2023 8:26 AM
1126	Maybe make it an animal	11/30/2023 8:25 AM
1127	Ensuring that if the mascot is in the form of a human that this person be all the colors of the rainbow.	11/30/2023 8:23 AM
1128	That is a tough one, it's almost impossible to have a mascot that does this across the board	11/30/2023 8:20 AM
1129	Not making the mascot a "person".	11/30/2023 8:04 AM
1130	Don't use a person. Use an animal or create a being of color that is not indicative of any race or culture.	11/30/2023 8:03 AM
1131	Include a historical reference when selecting the final mascot. Why is it culturally important and how do we hope it inspires us in the future.	11/30/2023 8:00 AM
1132	An article of clothing should have a picture a student drew or painted that displays diversity.	11/30/2023 7:59 AM
1133	Diversity	11/30/2023 7:59 AM
1134	Current mascot is fine.	11/30/2023 7:47 AM
1135	Nothing because it's a mountaineer, based on historical roots, that's how. Why add in another background or change history	11/30/2023 7:45 AM
1136	Keeping it generic, not a person/human since that would restrict resonation among a diverse student population and competitive use of the mascot would attribute aggressive behaviors to it.	11/30/2023 7:41 AM
1137	Nothing "woke" . A mascot that doesn't try too hard & keeps its history & ties it with today	11/30/2023 7:31 AM
1138	Historically and culturally responsive to the land and its current and former stewards	11/30/2023 7:29 AM
1139	That's it is fun!!	11/30/2023 7:29 AM
1140	It can involve industries and people from different countries, so they can integrate better here.	11/30/2023 7:28 AM
1141	not sure	11/30/2023 7:21 AM
1142	Looking ahead at the next question, I like the mascots that are representative of local animals that we are all familiar with	11/30/2023 7:20 AM
1143	just use common sense.	11/30/2023 7:11 AM
1144	Good luck . . . This is a hard one. Maybe not have it be any particular race or gender, but a blob like thing. A scientific type thing like an amoeba or something.	11/30/2023 7:09 AM

## Mt. San Antonio College New Mascot Survey

1145	none	11/30/2023 7:05 AM
1146	What about the old mascot was adversarial or disrespectful. It seems a lot of time, money, and effort are being spent trying to be politically correct. Like I said earlier, what are we going to do when the new mascot is found to be offensive...change again?	11/30/2023 7:05 AM
1147	N/a	11/30/2023 6:59 AM

1151	I dont know to be honest	11/30/2023 6:56 AM
1152	A neutral name	11/30/2023 6:54 AM
1153	Come visit us more	11/30/2023 6:53 AM
1154	I liked the current mascot. Something to do with mountains?	11/30/2023 6:52 AM
1155	Just be seen or available for each culture when event is happening. Participate be festive.	11/30/2023 6:48 AM
1156	An animal, definitely not a person	11/30/2023 6:42 AM
1157	this survey is a great way of getting input from students. You can also get input from staff.	11/30/2023 6:37 AM
1158	Diversity	11/30/2023 6:21 AM
1159	Just to make sure it doesn't have anything culturally Disrespectful to any groups	11/30/2023 6:15 AM
1160	maybe some small pins on the shirt that represent different groups	11/30/2023 6:11 AM
1161	The mascot should not be a person/human/or historical character. In honor of the beautiful land Mt.SAC sits on, the mascot should be an animal native to our area.	11/30/2023 6:01 AM
1162	Make it something that is its own thing! (Ie Gritty, Blooper Braves)	11/30/2023 5:54 AM
1163	Stick to an animal or something that rolls off the tongue.	11/30/2023 5:28 AM
1164	Have him dressed in every culture	11/30/2023 5:17 AM
1165	I'm not sure how a mascot can represent inclusivity. Does the bruin or Trojan mascot convey that? No, but the logo does a godo job of representing their school.	11/30/2023 5:04 AM
1166	any mascot will be loved or hated like a NFL mascot. Best pick is always a strong predator type.	11/30/2023 4:35 AM
1167	Like Standard's choice of the color Cardinal, The Rock will never offend.	11/30/2023 4:25 AM
1168	Na	11/30/2023 4:21 AM
1169	Making everyone feel respected welcome and known for being a Mountie	11/30/2023 3:34 AM
1170	No caricatures.	11/30/2023 3:19 AM
1171	Maybe the clothes that the mascot will have could be in a reference of the continent colors so, representing like it the five continents. Or adding to the mascot some important articles about the different cultures	11/30/2023 3:14 AM
1172	The new mascot should pay homage to the original people of the land on which the campus sits upon, such as Gabrielino Tongva Tribe.	11/30/2023 2:49 AM
1173	Equal rights	11/30/2023 2:09 AM
1174	Keep to and modernize the historical meaning and physical characteristics of the Mountaineer.	11/30/2023 2:04 AM
1175	Something related to the school still, I guess it doesn't have to be the old mountie guy but something that has always been special to Mount Sac. Maybe a squirrel or a butterfly or I dont really know if it has to be something alive or what. Plants also sound like a good idea to me, like one of the many trees on campus. Actually I think that would be best because that is what Mt. Sac reminds me most of (besides there just being a lot of trees)- steady, reliable, always	11/30/2023 1:52 AM

welcoming and there to offer you shade in the good times and bad. Mt. Sac is a steady oak tree in a world that is constantly shifting with new paths, students, and animals. It is home. It is life.

1176	Check in with communities! If you think it might offend someone please don't do it	11/30/2023 1:48 AM
1177	I think talking to groups and ensuring that the mascot is appropriate is a great idea (going to the Pride center or talking to Indigenous people).	11/30/2023 1:39 AM
1178	Showing respect to all cultures. Equality signs	11/30/2023 1:37 AM
1179	I'm not too sure	11/30/2023 1:36 AM

1182	It to be an object or something besides a person	11/30/2023 1:04 AM
1183	Keep it neutral and use school colors.	11/30/2023 1:01 AM
1184	Possibly creating some new in its entirety. Just creative freedom to create something with Mt Sac in mind	11/30/2023 12:52 AM
1185	keep it generic	11/30/2023 12:42 AM
1186	In order to ensure an inclusiveness, attributes must be universal and/or incorporate diversity. This may be executed by sticking to the colleges colors and perhaps using a panda periodically because it represents diversity being that it is Asian, White, and black in symbolism.	11/30/2023 12:41 AM
1187	Make him strong	11/30/2023 12:40 AM
1188	No race or color	11/30/2023 12:40 AM
1189	Make sure that the mascot does not mock other cultures/does not appropriate cultures. Has a fun demeanor. Possibly a gender neutral look.	11/30/2023 12:37 AM
1190	Maybe a special Mountie cap that represents all students at mount sac	11/30/2023 12:35 AM
1191	Have the mascot wear traditional outfits from different cultures during certain months that celebrate different holidays	11/30/2023 12:31 AM
1192	none	11/30/2023 12:17 AM
1193	Don't appropriate culture, but also make it applicable to multiples persons and groups.	11/30/2023 12:17 AM
1194	Viking	11/30/2023 12:13 AM
1195	Maybe adding a sash across the chest with different buttons representing the identities , background, and culture Mt. SAC represents and supports	11/30/2023 12:07 AM
1196	If the mascot is an animal, then skin color does not have to be a factor. If the mascot takes on the likeness of a person then maybe a team of mascots could be considered to resonate with several populations.	11/30/2023 12:02 AM
1197	Listening to BIPOC staff if they have suggestions. Including more native staff in the school board.	11/30/2023 12:00 AM
1198	To avoid biases, it should not be a person, nor wear any sort of attire such as an animal.	11/29/2023 11:58 PM
1199	Have a group of random students on campus vote	11/29/2023 11:49 PM
1200	It's important to consider the cultural roots of the broader Mt. SAC community as well as the current campus culture.	11/29/2023 11:49 PM
1201	type the symbol of Mtsac on the mascot	11/29/2023 11:48 PM
1202	diverse	11/29/2023 11:35 PM

Mascots are often super generic by design so that they can represent anyone, we don't need to go out of our way to push any kind of agenda through a something as generic as a mascot. It's hard to narrow it down, but any neutral color schemes that are not indicative or associated with any specific nationality flag. Frankly, I accustomed to the burgundy currently used, I would not mind this color scheme is used.	11/29/2023 6:40 PM
1416	Use an animal character that does not have to be sensitive to hurting someone's feelings. This could include a bear in costume.	11/29/2023 6:39 PM

1437	The new mascot should not portray a group of people or individual as it can inadvertently portray stereotypes.	11/29/2023 6:18 PM

1488	The mascot should be something that others could project onto, a sort of blank slate but fun to look at creature.	11/29/2023 5:40 PM

1498	Avoid stereotypes.	11/29/2023 5:37 PM
1499	The mascots personality should afford the ability to avoid gender stereotyping. To remain male is fine, but the actions of the mascot shouldn't demean or belittle nonmales. But a non human mascot is a cool idea	11/29/2023 5:37 PM
1500	Reach out to the entire campus community for suggestions and feedback on the finalists	11/29/2023 5:37 PM
1501	Keep the reddish brown colours	11/29/2023 5:36 PM
1502	An animal	11/29/2023 5:36 PM
1503	First I want to say I am very excited to see this update (the mascot was something I was put-off by when first looking at the school to be honest and I'm so glad it didn't deter me as I love this school). I think it would be most logical and respectful to look to the original use of the land, looking to the local mountain or its native inhabitants makes sense, for example. It sounds like the suggestions keep that in mind and I like most of them. I think one way to be inclusive is to remember how any of these themes come across to people from different Indigenous backgrounds. Academia is often inadvertently upholding values that have made it challenging for Indigenous people to feel a sense of belonging. A mascot could be a way to communicate a sense of pride and belonging that is lacking currently for some students.	11/29/2023 5:35 PM

1508	Have the mascot have a small piece of something on him to show support for all	11/29/2023 5:34 PM

1516	To express their feelings and to teach others about their history.	11/29/2023 5:32 PM
1517	...make it an animal. You can never please everybody, but making it an animal means you can only offend their opinion(s) but not them personally. Don't stray from the colors of the local mountain lions (rare, but they're here) and it will be great.	11/29/2023 5:31 PM

1535	Some organizations choose animal mascots that are mascots in animal rights activism.	11/29/2023 5:23 PM
1536	The mascot should not have any offensive background and/or should be mindful that Mt. SAC is a Hispanic-serving institution. Joe Mountie doesn't represent this	11/29/2023 5:23 PM
1537	Make it an animal.	11/29/2023 5:21 PM

1540	Consider incorporating an animal into the mascot design, but there's no need to deviate too far from the essence of Joe Mountie. Joe served as a great mascot, embodying key aspects of Mt. SAC over the years. The new mascot should maintain his enthusiasm and distinctive style.	11/29/2023 5:20 PM

1618	I'm not certain that any mascot can represent all groups, cultures and backgrounds. Anything that appears "neutral" rather than "specific" may be the best way to go.	11/29/2023 4:50 PM

1696	Stay away from human mascots and select an animal such as a mountain lion. That way you can keep the M clothing gear, mountain lions are local, and we can do the mountain lion scream at athletic games. Montie the Saint Bernard dog from athletics would also be a good option. Everyone loves him and the mascot costume could have a little barrel around its neck. The barrel can be the holder of knowledge, a bright future, etc.	11/29/2023 4:31 PM

For example, a Native American themed mascot is perfect, even giving the mascot the name and look of a specific tribe is completely acceptable and respectable in my opinion. 1735	Choosing an animal like a whale for the mascot can be a great idea because they are often associated with qualities such as strength, unity, and a sense of community. We can name the mascot "SanAqua Whale" or "Whaley Mountie".	11/29/2023 4:21 PM

1760	Inclusivity is good, it has a purpose, but if someone was offended by my asian nature it probably wouldn't be a good look to change my identity and culture to match the likes of others simply because it needs to match the beliefs of every person. I also think a walnut tree for a mascot would be very unique as that tree is significant to the area.	12/13/2023 4:50 PM
114	The mascot should be a animal that lives in the mountains since we are called Mount. San Antonio. The mascot should also be from San Antonio.	12/13/2023 4:48 PM
115	Don't make it realistic looking please - it always ends up looking creepy and scary Whatever animal is chosen should look like a cartoonish version of the real thing but still have the same characteristics and mannerisms of the real life thing Example: if it was a cat maybe it really likes boxes and yam	12/13/2023 4:32 PM

117	I believe that a major design change for the mascot's furrowed eyebrows is needed. The thick and bushy design can stay, but perhaps making them more relaxed and upward, to indicate that he is smiling. His beard can stay too, however I think it can more nicely groomed; it could mean that he is more mindful of self management and give a subtle message to students to be or become the best versions of themselves.	12/13/2023 4:14 PM

147	I believe that a mountie could now be considered a Ranger. A Ranger who protects the Mountain and is wise and helps others on their climbs in life, whether just visiting the Mountain, racing to conquer the Mountain, admiring the nature and wilderness, or perhaps returning to the Mountain to protect and preserve it's glory and to Lead the way for the future. Mt. SAC Mounties' mascot could instead be the Rangers. Or the Mountains, or the Montanas (like the state of Montana). Grizzly Bears were once on Mount San Antonio as well.	12/13/2023 1:51 PM

164	The racoon character mascot can be something more universal, that everyone can agree upon is a neutral standpoint. As I pointed out earlier, I think the human character of Joe Mountie can be seen as a White Male, not that there is a problem with a White male in my opinion, but I think it's important to be able to have a mascot that doesn't JUST represent that but more, allowing for inclusion of different cultures and identities.	12/13/2023 12:50 PM

Mountain Dog - Mountie also or Joey/joe as per the past mascot	12/13/2023 8:14 AM
224	An idea is for the mascot to have a hat and something it loves to carry. For example, the racoon loves trash. Something can be implemented where the racoon is at a game and sees trash. He runs to it and puts it in the trash can. The racoon is a trash panda and loves to be with trash, but it can show that Mt. SAC is a place were the trash is picked up and littering is frowned upon (mostly for environmental purposes and clean facilities).	12/13/2023 1:49 AM
225	Honestly this is a waste of time and resources. We have other issues we should be worried about. The mascot is definitely not one of those things. I truly could care less as to who or what the mascot is. This whole thing is dumb and pointless.	12/12/2023 11:10 PM

302	A bernese mountain dog. You can have a humanoid dog (a guy in a suit), you can also have an actual mountain dog care for by the college, and a dignified looking animal for the school logo.	12/10/2023 3:28 PM

316	Personally I think Joe Mountie is great! he is fun and represents the school well. What I think would be great is if he were to have slight changes for each department. Think Mickey Mouse as regular, then Mickey dressed as a pilot in California adventure next to "Soarin". Or mickey in adventure land dressed like he is ready for a safari... Joe Mountie could represent the different departments in this way. As a pilot for the flight department, as a welder for the welding dept. as DR. or nurse for the medical. As a farmer for agricultural. This would be fun.	12/8/2023 11:23 AM

I want a mascot that makes sense for the school and the campus - something that students can look out for or easily identify as a new mascot. Of course, any strong animals would also be a wise choice for a mascot, as it could invoke a new school spirit in students. Although not incredibly unique, I think Mountain Lion, Mountain Dog, Bison, Hawks, or Bears could be easily recognizable and give students a newfound academic identity. Citrus has Owls and it makes me think that they are studious and wise. I think Mt. SAC can also decide on a mascot that reflects how they want their students to be like.	12/6/2023 5:14 PM

417	I think sticking with mountain-themed animals or ideas is the best way to approach the mascot as it gives Mt. SAC a unique identity that is representative of the campus and culture of the culture of the school.	12/5/2023 10:41 PM
418	Apparently, the idea is to try to create a totally new tradition, with a name or symbol that is 100% culturally sensitive. I guess that means nothing identifiable with a particular race, institution, tradition, practice, etc. (Are we sure the winning choice will meet that criteria?) None of the above resonates with me at this time. The choices are prey and predators, and many are in common use as mascots in one form or another.	12/5/2023 10:32 PM

453	Absolutely! I completely support the decision to avoid using a human caricature as a mascot. It's important to promote inclusivity and respect for all cultures and backgrounds. As for additional ideas, I think it would be great if the new mascot could incorporate elements that represent the college's values and community spirit. For example, it could feature symbols of unity, diversity, and academic achievement.	12/5/2023 4:47 PM

He represents a link between the old mascot and the (possibly) new. I like this back story as it does not feel like we just threw out the old without linking back to Joe and Mounties in some way that feels appropriate. Additionally, I would like to point out that Montie had been accompanying Joe since he was a puppy at athletic and other school events. A lot of students had seen him with Joe, so it kinda makes sense to just transfer the new mascot title over to Montie the Mountain Dog.	12/5/2023 1:21 PM

On addition of Southern California, be filled with many native animals that have come to represent grace, pride, power, etc. We should have a mascot that uses a military rank and then uses a native animal. Ex. Captain coyote, Major mountain lion, etc. bison are almost the embodiment of America itself, mountain dogs like Saint Bernards are big loyal animals, but at the same time can be vicious. embody America, only problem I see with that is people might start calling up the home of the coons which has changed its meaning over the years. I don't think we should do a mountain, needs to be something alive something we can take spirit from. Black bears, mountain lions, and hawks are all excellent choices. They are strong, fearless, intelligent creatures. They are all native to the area. I would probably pick one of these.

719	Historically Mt SAC was the called "The College of Champions", maybe we want to be the "Mt SAC Champions." We usually win anyway, no matter the competition; track, football, aeronatics, debate, choir. As the champions, our mascot could be a golden chalis, possibly with muscles for the arm handles. Olympians would be good too and we could keep the torch theme. I think that would be good since we had Olympic trials here in 1984 and hopefully we can have some events in 2028 too. The mascot could be a torch. It could be named: Flare: This name suggests brightness, energy, and excitement. It also rhymes with "bear", which is a common animal mascot. Spark: This name implies a lively, cheerful, and playful personality. It	12/1/2023 1:34 PM

also sounds like a nickname for someone who is good at creating sparks or fire. Blaze: This name conveys a sense of power, passion, and intensity. It also evokes the image of a large and impressive fire. Glow: This name reflects a gentle, soothing, and radiant quality. It also hints at a positive and optimistic attitude. Inferno: This name represents a fierce, fiery, and unstoppable force. It also alludes to a legendary fire that consumed ancient Rome. The other animals I like are the hawk and a mammoth. I don't mind the moutian lion but it doesn't roll off the tongue. There are hawks on campus. The one near bldg 6 is well known on this side of campus. It could be named Talon. It would be awesome and we could get a falconer to come with an actual hawk and do fly-bys and other flying stunts at events and games on campus. Charlie Cogger used to teach wood working here and does falconry. He lives in Walnut and is part of the falcon team at SoFi Stadium.

There shouldn't be any cultural clashing Black bear- can be seen as a negative entity in some cultures (change the color of the claws or snout to make it more friendly looking and not specific to one culture) Mountain-only reasonable mascot that will and should not culturally clash with anyone if it is simple. However, perception is critical to this Moniker/Mascot debacle. You have once again failed to recognize that it appears you have developed a foregone conclusion to the mascot. In the same way, the perception exists that there was a foregone conclusion that the Moniker would remain the same. I appreciate the urgency, but rushing a survey at the busiest time of the semester is insensitive and says to me you don't want input. Just like you did not want input with the Moniker - the College President, a Board member, and the Athletics Director desperately held on to that racist Moniker and ensured they I sincerely hope this committee includes ACTIVE STUDENT PARTICIPATION and is not once again driven by administrators' availability and their sole input.	11/30/2023 1:50 PM

898	Mountaineering is physical strenuous and demanding. Maybe show upper body strength on the mascot to reflect the muscle structure of one tempting this feet( ie.big calf and shoulder muscles on the big horn sheep), maybe carrying a backpack with "tools" used to climb to better heights. 910	A crow or a peacock. I've lived in Pomona for 30 years and the bird I most associate with Pomona is the horde of crows. There is also a population of feral peacocks in my neighborhood (Lincoln Park historical district) that has lived in the area for as long as anybody can remember.	11/30/2023 9:20 AM
911	A spider-like person with an unending need to prey on part-time faculty will do.	11/30/2023 9:13 AM
912	I figure animals would avoid controversy as people these days can find offensiveness with many human-based mascots. I like the idea of animals native to the surrounding area, especially Hawks, Eagles, lions, etc. But red-tailed hawks wouldn't be as congruent with our main color being maroon. I like mountain lion, also. But to be more unique, the Catamounts would be a great moniker to avoid the cliché of lions/cougar/panthers/etc.	11/30/2023 9:12 AM
913	I want our mascot to include a tree. That will be showing that we support nature and taking care of it too.	11/30/2023 9:08 AM

926	The mountain idea is interesting. As a mountain does not necessarily have good or bad traits. It maybe your best option. Big horn Sheep are territorial , Hawks are birds of prey.....	11/30/2023 8:03 AM
927	I think the red tailed hawk is excellent! I've seen the same one on campus by the library many times. They are local fauna that have been revered by many people in the history of the continent.	11/30/2023 8:00 AM

935	Looking at the above possibilities I already see issues. Would a Hill be offended if a Mountain was the mascot. Why a Black Bear and not a Brown Bear? How did a Raccoon make the list. That can totally be misconstrued and totally offensive for some. That suggestion alone shows the absurdity of this whole effort.	11/30/2023 7:05 AM

945	It should be an animal native to the area. Preferably and animal still seen today. Mountain Lions are misunderstood in our area and maybe making them our mascot might bring them into a new light and raise awareness about their habitat and safety. Red-tailed hawk are beautiful, powerful and intelligent birds. They command respect and admiration. It symbolizes good luck if you see one of these special birds on campus. I can easily see how red-tailed hawks can be better marketed and get community engagement in line with recognizing this protected animal.	11/30/2023 6:01 AM

You will never find a penguin by itself. They huddle together, just like us Mounties I know it is silly to have a mascot as a penguin, but honestly give it a shot not only do I love penguins and admire them but I respect them for their unique colors and abilities to look out for one another.	11/30/2023 3:34 AM

It would also be far more unique than these animals which many many other schools have, and when people hear they think of it as just another mascot they've heard a thousand times. 1086	I believe the new mascot should be a symbol of strength and perseverance since we represent students who show such qualities. As a Mt SAC community, we represent that positivity and strength when we come together as a community!	11/29/2023 8:13 PM
1087	Consider looking at old Disney characters such as Mickey Mouse or Donald Duck for clothing ideas on the animal! I would suggest the Raccoon, it fits the school colors, is widely adored, and also it would fit in well with the overall feeling of Mt. SAC.	11/29/2023 8:12 PM

Red tail hawks it's an amazing idea considering that they Red-tailed Hawks soar above open fields or for students "soar Higher than the sky". A black bear can be a relation to Native American culture considering that a black bear or spirit guide to the people who live in the clans or in our case a spirt than lives among the students to help guide them !	11/29/2023 7:40 PM

I know from my experience, I was able to relate to with staff and faculty when I attended. I was able to envision myself as a working professional because of this. It's hard to narrow it down to attributes and features, but somehow there a neutral skin color should be taken into consideration. Also, it should not be a high focus on athletics.	11/29/2023 6:40 PM

Symbols geared to knowledge. But if I had to pick assemble of an animal. It would definitely be a unicorn original or . Hippo

1292	Make it the sheep. That sounds cool.	11/29/2023 4:56 PM
1293	I think if an animal is chosen, there should be some sort of apparel on to represent mtsac, like a scarf, bandana, or something else that could be colored Mt. SAC maroon. I think the animal should be posed in such a way that it represents looking to the future, but it's also prideful and respectful.	11/29/2023 4:55 PM
1294	I like the idea of a mountain with arms and legs kind of like the same vibe of the cloud from the trolls movie.	11/29/2023 4:54 PM

1300	Black Bear, golden eagle, mule deer	11/29/2023 4:52 PM
1301	I think that we should have a native animal as our mascot, specifically one that can be found at the actual Mount. San Antonio, so a plains animal like a bison shouldn't be in the running(I know it's an example)	11/29/2023 4:52 PM
1302	Bull dog, sloth	11/29/2023 4:51 PM

1307	Ants, deer, dog	11/29/2023 4:50 PM
1308	A mountain lion would be perfect, a group of lions is called a pride after all, and pride is to be proud which is something all Mt Sac students should feel as they chase their dreams	11/29/2023 4:50 PM
1309	A mascot is a physical representation, a caricature to an extent. I'm not certain that a mascot is that important. It can be cute and entertaining but the old Joe Mountie had many different "appearances" -- some were ugly and appeared old and scraggly, others were "cute" and welcoming (cartoonish). Do we really need a mascot or do we need a graphic that represents us? I don't necessarily like the look of the current logo -- with the flame... I know that Saddleback College has used triangular shaped mountain peaks. I like what Feather River College has done but their name invokes a clearer graphic image. The shape of Mt. San Antonio (Mt. Baldy) is fairly unique and could be captured graphically that is appealing.	11/29/2023 4:50 PM
1310	The mascot is representative of California or our local community. Ex. native or endangered animals or plant species	11/29/2023 4:49 PM
1311	Penguin	11/29/2023 4:49 PM
1312	Keep the same mascot	11/29/2023 4:49 PM
1313	I honestly really like the one we have, maybe if we can make it more current but the same idea.	11/29/2023 4:48 PM

1325	Monarchs	11/29/2023 4:45 PM
1326	I really like the idea of the mountain dog. I think if it is chosen it could be designed not as a specific dog breed but a mixed breed as I think they are some of the most common in animal shelters. Shelter could potentially be a good name for it as well, to not only bring awareness to the animals in shelters that need homes but also describe how Mt. SAC is a shelter and safe space for many different types of students from diverse backgrounds.	11/29/2023 4:44 PM
1327	Panda. Sometime cute, some time stronger than a lion. Be a giant.	11/29/2023 4:44 PM

1341	Any type of Fox	11/29/2023 4:40 PM
1342	I'd probably want the mascot to be a numbar, considering the California climate meshing with the climate of Australia, where most marsupials live. Marsupial, which a numbat is, also starts with M.	11/29/2023 4:39 PM

1358	There are animals native to the area that are currently endangered species. It would be great to research some of those animals and take them into consideration. For example, the burrowing owl is a species of special concern in California.	11/29/2023 4:36 PM
1359	I can't think of any.	11/29/2023 4:35 PM
1360	In my opinion, the best way to include everyone in our school is to establish what we are about through our mascot. The animals native to Walnut, that I personally see as being a good mascot for us are the deer (preferably one with antlers to show strength) and coyotes. Deer are the symbols of wisdom, independence, and creativity. While the coyote symbolizes cleverness, resilience, and strategic thinking.	11/29/2023 4:35 PM

1541	A mountain-inspired mascot with nods to local fauna like the gnatcatcher and red-tailed hawk could be quite engaging! Picture a majestic, anthropomorphized mountain with a friendly face that reflects wisdom and approachability. The mountain could have craggy features that resemble a kind smile, and perhaps its "hair" could be represented by strands of greenery, symbolizing the lush vegetation found on its slopes. The gnatcatcher and red-tailed hawk could be depicted as playful companions perched on the mountain's shoulders, emphasizing the college's connection to the local ecosystem. This mascot, while personifying a mountain, would embody the resilience and strength of nature while celebrating the diversity of life in the college's surroundings.	11/29/2023 11:37 AM

7	The term "maverick" has historical ties to cattle. It originated from the name of a Texas rancher, Samuel A. Maverick, who didn't brand his cattle. Consequently, unbranded cattle became known as "mavericks." So, while it's not directly related to a specific animal, its historical context is linked to cattle. Mt. SAC has lots of agricultural ties.	12/16/2023 12:26 PM

22	Montie the Mountain dog already has an inaugural role on the aquatics athletic side of campus. Making appearances at games and being a large and lovable character brings encouragement to our sports teams and to spectators who are enjoying our campus facilities. It would be nice if he was recognized as our new mascot because he has ties to our past while remaining unproblematic.	12/15/2023 11:00 AM

I'd like to honor the land we are on and the organisms that live amongst us. 124	I think the mascot should just aslo be tested to see if it scares children, if it does that, maybe its a sign to change the design. It should be approachable to everyone of all ages.	12/13/2023 2:05 PM
125	The character should be unique but also nonchalant. For example, an eagle or snake would be overpowering. It should also be aesthetically pleasing. Maybe add accessories or details (jewelry, embroidery, jewels, torch, hairstyle etc.) and again, make the character look approachable.	12/13/2023 2:02 PM
126	The mascot should not have any weapons or gender	12/13/2023 2:01 PM
127	Clean and strong look	12/13/2023 2:00 PM
128	Just keep reminding the students about these things a survey in an email they might not have time to check is not the best way to go about it. Have our survey classes go out and take one on one surveys and post fliers and signs up about our change. Many students care about this but not many will check their email for something that seems like spam.	12/13/2023 1:57 PM
129	Please create an image of a mascot that embodies the principles of a culturally relevant, empowering, and sustaining pedagogy. The mascot should be a friendly animal, like a fox, wearing a traditional academic robe and mortarboard. I envision it holding a brightly colored banner with the words "Culturally Empowered Education" written on it. The background shows a diverse group of students engaged in various educational activities, highlighting different cultures and backgrounds. The atmosphere is vibrant, inclusive, and inspiring, with symbols like books, globes, and artistic elements representing various cultures around the mascot.	12/13/2023 1:53 PM

303	I love love love Mt. SAC but had always thought Joe Mountie was a little out of touch or out of place. I eventually grew to love him as a character and a representative of our school but compared to other schools, a Mountie, especially Joe Mountie, albeit unique, seemed like an raggedy old man to me and did not resonate with me as a student. Mt. SAC is such a great school and I thoroughly enjoyed my time there. I wish there were a mascot that vibed with me more, represented my endeavors, made sense to me, and represented who I was as a student. You almost have to anticipate your audience sometimes - what do you think the Mt. SAC student body, present and future, would want as their mascot? It's definitely not Joe Mountie.	12/6/2023 5:14 PM

306	Cool animals please	12/6/2023 4:11 PM
307	I chose the red-tailed hawk as my first choice because it demonstrates dexterity in flight and acuity of vision. It personifies two qualities that Mt. SAC students should strive for: performance and a vision of what they wish to achieve. It should also steer away from characteristics that are not related to academics and athletics, since Mt. SAC is, after all, a college whose focus should be to train and prepare generations to compete in the workforce.	12/6/2023 3:55 PM
308	I suggest we keep it as is. It's news to me that the Joe Mountie is offensive in any way shape or form. The suggestion that it's offensive is ridiculous.	12/6/2023 3:53 PM

319	I didn't think there was anything wrong with the old mascot; A "mountain man" making a hard living off the land and necessarily working with native peoples. If you want to be more inclusive, make it a group of "Mounties" that can include male and female, and different ethnicities. The bottom line is that this college was named after a mountain. The idea that we need to radically change our mascot (bird, snake, puma, etc.) so as not to ever offend anyone is ridiculous.	12/6/2023 12:33 PM
320	I am so happy that we are changing the mascot.	12/6/2023 12:29 PM

346	A strong Mt. SAC mascot would embody the dedication and drive that the students and faculty have in overcoming adversity. Many students attend Mt. SAC because it allows them to pursue an education that adapts to their schedules and lives, which can be challenging. The strength and foundation of mountain iconography attests to the perseverance of the students, and having a mascot that represents that strength would be a tribute to everything these students strive for.	12/5/2023 10:41 PM
347	It's obvious that Joe Mountie is being eliminated, not "reimagined." A "mountain" is laughable as a mascot; it is static. But, it may be the safest, most culture-free choice. None of the other choices fit the traditional, universally recognized name for our college representatives - students, teams, organizations, employees - "Mounties," a term associated with the prominent Mt. San Antonio that stands above our valley.	12/5/2023 10:32 PM

351	We can't go to far away from who we are and who we have been. Mt sac is rich in tradition and innovation. This needs to have athlete input and should be discussed with athletics as they will use this the most, as well as hear what the athletes have to say.	12/5/2023 10:21 PM
352	I'd like to emphasize the importance of ensuring that our new mascot not only represents our values but also resonates deeply with our student body and wider community. It should serve as a unifying symbol that fosters pride, inclusivity, and a sense of belonging for everyone. Moreover, I believe it's essential to engage in open dialogue and seek feedback from various stakeholders throughout the mascot selection process. This ensures that diverse perspectives are considered, and everyone feels heard and valued in this decision.	12/5/2023 9:59 PM
353	It has to be cool.	12/5/2023 9:58 PM

356	Like mentioned earlier, take some creative liberty and stray from the usual mascot look. By this, I mean the typical basic college logo with thick lines around the character of choice with basic colors. Make it while keeping this thought in mind: "What would make for a good marketable logo?" Something the students would feel cool wearing. Again, a cozy vibe, and not something goofy.	12/5/2023 8:57 PM

Consider a mascot design that is dynamic and can be easily recognizable, even from a distance. 3. Explore the possibility of incorporating interactive features into the mascot's design, such as LED lights or sound effects. Concerns: 1. Ensure that the mascot design is culturally sensitive and respectful to all communities represented at the college. 2. Consider the practicality of the mascot costume, making sure it is comfortable and safe for the person wearing it. 3. Keep in mind the long-term sustainability of the mascot design, considering factors like durability and maintenance. I hope these ideas and concerns help. thank you	12/5/2023 4:47 PM

SAC students of all kinds represented as well as the Mt. SAC campus. There's even a nod to the Mt. SAC animation department as well in the book. mascot represents the idea of overcoming adversity and emerging stronger and more determined than ever before. It signifies the ability to rise above challenges, setbacks, and failures, and to transform oneself into a better version. The phoenix's ability to regenerate and be reborn exemplifies the human spirit's capacity for growth and transformation. Additionally, the rising phoenix mascot represents hope and optimism. It serves as a beacon of light during difficult times, reminding individuals and teams that there is always a chance for renewal and success. 569	I think a new name should be a school wide contest. For example, I brought up Captain coyote. I think it should be something with an M to represent the school like major mountain lion. And then that mascots going to need three names. His real name, his sports name, and then his followers name. A good real name would be something like Miguel mountain lion something that takes from local Hispanic culture and is easy for kids to say. Sport name would have to something strong we could just call him "the major" or something. And then we would have to be called something. The Mount Sac Mountain Lions maybe would need a shorter name, which mountain lion could probably still be called Mounties so we wouldn't have to change anything around.	12/2/2023 1:48 AM

Our Native American students have been very vocal about how hurtful and offensive this moniker is to them. We claim to be "unapologetically anti-racist," yet the school refuses to change this very racist moniker. The school needs to stop being so hypocritical and change the moniker.	12/1/2023 3:25 PM

671	Don't be typical. A mascot is also an identity, which means before the design, the creative rationale has to make sense. What is the identity of Mt sac? We should start from there instead of randomizing what our mascot should demonstrate.	11/30/2023 2:00 PM
672	the black bear should be super adorable but strong	11/30/2023 1:59 PM

796	I dunno! I just think it really should take into account the physical environment of Mt. Sac (or all the trees, bright blue sky, flowers and birds, squirrels, and greenwss of the area)-- and take that into account because it IS highly associated with the student experience. I also think Mt. Sac is a stable and welcoming community, so it should give off the vibes of a friendly, reliable, and comforting home. This is just my opinion but that is what I see when I see Mt. Sac. Also something that fits the maroon vibe. The ones I think are really good are the black bear, mountain, or mountain lion or bison ones that you said, or the sheep, those are really Mt. Sac like and true to the environment. Out of the ones I suggested, cup of coffee, oak tree, and bonfire give me the most Mt. Saccy vibes of all. We should try to consider keeping them on campus, they give a sense of comfort to some students. Away from campus it's a loud and busy city as soon as you come into campus it's kind of like a modern forest area full of trees and animals. Another example would be if you're in class and you're a bit stressed you could walk around and see a lizard or a woodpecker near the mounty cafe as well as the ravens and the hawks, most importantly the squirrels running around and chasing each other. 1043	I'd like one that inspires pride/strength without needing to know the history behind it.	11/29/2023 5:23 PM
1044	do NOT choose raccoon, a common nickname for racoons is "co0ns" which is a racial slur towards the Black community. I advise the team managing this to be wary.	11/29/2023 5:22 PM
1045	Thanks for all your work finding a new mascot!	11/29/2023 5:21 PM
1046	A mascot doesn't always have to be a cartoon character, it can be from our real campus. For example, my sister is the mascot of my family. She brings us good luck. We don't need to laboriously explain why or which character is better. Because his or her true story inspires us all. SO he can be our mascot at this time.	11/29/2023 5:20 PM
1047	Please don't use a generic style that we've been seeing with other colleges. Keep it fun!!!	11/29/2023 5:20 PM

1069	Everyone could identify the school with the mascot.	11/29/2023 4:56 PM
1070	The new mask start does not need to be an animal of any kind. What if it has to be an animal? It should be an owl. Or the red tail hawk. And his name should be Archimedes. The red tail hawk or our comedies are archie the red tail hawk.	11/29/2023 4:56 PM
1071	I want to see a guy arround campus dresses in a fursuit of our mascot whose only job is to exist. Seriously, pay a dude to walk arround campus in a fursuit. I want it to be like Mickey Mouse from Disneyland.	11/29/2023 4:56 PM
1072	Mountaineering is about survival in the wild. Survival means being prepared and pushing through, no matter what challenges you face, about overcoming adversity. Whatever mascot is chosen, it should invoke a sense of survival.	11/29/2023 4:55 PM
1073	If you make it into an actual mascot costume don't make it scary because I'm already scared of the ones at Disneyland.	11/29/2023 4:54 PM

1080	I'd think the name depends on what animal is chosen. Ex: Peter the Anteater (UCI) has a good ring to it because the name and animal match. Something like Minerva Mountain Lion, Billy Bighorn, etc.	11/29/2023 4:52 PM
1081	I really like the idea of a raccoon because the current mascot has a dead raccoon on his head.	11/29/2023 4:52 PM
1082	it's important that the mascot embodies pride, integrity, and accountability.	11/29/2023 4:51 PM

1085	A slogan to go with the mascot would be cool... Something relevant like "Done with this hill-- Onto the next!!"	11/29/2023 4:50 PM
1086	Although undertandable, it is still sad (in my opinion) that such strong remarks/emotions have been invoked into this discussion/deliberation. I do believe there were some inappropriate prior images (like the Joe Mountie in the pavement in front of the library) but the "mountain man" image with coon-cap look didn't work either. Although I fully respect the indigenous roots of the first people whose land the college resides on, I don't believe that the college has been intentionally biased or racist -- more confused in trying to put forth an image that is both representative and memorable.	11/29/2023 4:50 PM

Goshawks turn situations to their advantage, like using their legs to launch themselves towards their goal. In North America, goshawks occur in Canada, the northern United States (including much of Alaska), the MOUNTAINOUS western United States, and northwestern Mexico.	11/29/2023 4:38 PM
1121	The easiest way to divide a school and especially to diminish a student's pride in their school is to apply ANY political agenda to their mascots. Please do not make this same mistake.	11/29/2023 4:37 PM

1125	Despite recent concerns, I know that few individuals across campus will miss the original Joe Mountie, myself included. Starting as a student years ago who now works full-time on campus, he's a part of my identity as a Mt. SAC Mountie—for better or worse. While I'm all "in" for change and heading into new directions and have no doubt that you will uphold utmost honor and respect, I just want to remind the members of the Mascot Development Workgroup to be gentle in this process because it is so sensitive from all angles. Thank you for taking on this challenging task and for pointing our institution into a more diverse, inclusive, and equitable future! While I don't envy your work, it is so thoroughly important for our campus community and culture. Take care!	11/29/2023 4:36 PM

If its being changed for these reasons then the mascot should be done away with. I would rather see the mascot go away then become something to be ashamed of.	11/29/2023 3:56 PM

## Mt. San Antonio College New Mascot Survey

1259	I like the Raccoon because its native to the area and is not a commonly used mascot	11/29/2023 3:51 PM
1260	Mascot should communicate inclusivity, welcome, approachable but still a sense of pride, nothing ridiculous like "UCSC Slugs or UCI Anteater" , dont make a mockery of process either.	11/29/2023 3:48 PM

1273	A mascot thats Bold and Vibrant	11/29/2023 11:44 AM
1274	When introducing a new mascot, it's crucial to consider its integration into various aspects of campus life. Think about how Summit Sage can play a role not just at sporting events but also in academic and community-building initiatives. For instance, incorporating the mascot into orientation programs, cultural events, and educational campaigns can further solidify its presence as a unifying symbol for the college community. Additionally, ensuring that Summit Sage's appearances and messaging consistently align with the college's values of inclusivity, respect, and unity will be essential for its success as a unifying figure. Regular feedback loops and opportunities for student engagement with the mascot's persona can also help refine and enhance its impact over time.	11/29/2023 11:37 AM
1275	Good luck on the project everyone! You've got this!	11/29/2023 11:36 AM
