Subject: BAMN involving former employee

Good morning,

We located another possible complainant but the last name is Consolacion Leano. She is 22 years of age and currently employed as a Student Assistant II in Tutorial Services. She has been consistently enrolled since the Fall 2012. I just spoke with Bailey Smith regarding this student.

During the Spring 2014 semester, this student spoke with Bailey Smith following an exchange with a student she was tutoring (presumably Mr. Gasti). Mr. Gasti placed a dollar in her cleavage following their tutoring session. Bailey discussed the matter with the student who indicated that her plan was to be assertive and direct with the offending student and indicate that this behavior was unwelcomed. Bailey followed up with Ms. Consolacion Leano and was told that the matter was resolved and she had no concerns about the behavior continuing. Bailey indicated that she heard nothing further regarding the matter since that time.

Respectfully,

Lorraine Y. Jones, M.S.W.
