

MEASURE: CLASS PASS TRANSIT FEE

Shall the Mount San Antonio College Board of Trustees require that students pay a Class Pass transit fee? The fee will be \$8 for part time students (under 12 units) and \$9 for full time students (12 units or more).

The Class Pass fee will be paid each Fall and Spring semester that a student is enrolled. Each semester a student is enrolled they receive a Foothill Transit Class Pass good from the beginning of that semester to the start of the next. Students who attend both semesters consecutively will be able to ride year round. The Class Pass is valid on all of Foothill Transit's local lines and the Silver Streak which serves Downtown Los Angeles..

Students who did not attend the Spring semester and are only enrolled for summer session will be eligible to purchase a separate pass that would be discounted for summer session only students. Class Passes issued in the Spring semester are valid until the beginning of the Fall semester.

Vote "YES" if you are in favor of passing the Class Pass Transit fee (which would keep the Class Pass program **alive**).....

Vote "NO" if you are opposed to passing the Class Pass Transit fee (which would **terminate** the Class Pass program).....
