PICO RIVERA

Attend groundbreaking for new educational center

Rio Hondo College will hold a groundbreaking celebration at 4 p.m. on May 4 for its \$1.3 million Pico Rivera Educational Center, 9456 Marjorie St.

The college is upgrading seven buildings at El Rancho Unified School District's former adult school to create a collegiate identity and to integrate digital learning tools into six classrooms.

The site will include a shaded quad and 1.3 acres of parking.

The center will open for classes in fall 2016.

It is the third such regional center created by Rio Hondo College since 2010.
