Subject: Press Conference - Write up

At around 3:00 pm today June 3, 2015 Channel 34 KMEX showed up on campus and started to interview different members of the group supporting the alleged victim.

They eventually got a statement from Jill Dolan and then continued to interview members of BAMN and others with their group. Once Channel 7 KABC arrived the group positioned themselves on the stairs outside of the MARC/ T-MARC and spoke publicly to the cameras and the crowd that had gathered. First the African American gentleman spoke then Aarefah gave her statement then the young lady claiming to be her attorney spoke, then a few other of the supporters. After all of that took place Channel 7 got a statement from Jill Dolan and left.

Members of the group hung around until KMEX left then they proceeded to make their way to the free speech area in front of Building 6.

Upon returning to the office, Marti called. She wanted me to make sure you knew that at the beginning of the gathering today an individual (possibly a student) walked into the MARC and tried to hang an anti-Chester poster; the staff member notified the person that they could not hang posters there because it was private property etc. to which the person became upset and told the staff member "F*ck You!" Chester heard this exchange and became excited and was then taken to student health where he stayed for the duration of the gathering. Marti said she spoke to him and a few others and he's "doing fine," Around 4:00 he returned to work.

I have the public pieces of the press conference on video including Aarefah's statement and her attorney's as well if you would like those.
