Subject: Thank You for teaching me what I had lost

Hello Professor Stier,

I attended your class last summer of 2013. I wanted to let you know that your class influenced me to enrich my young boy with music. I have attached a picture of him playing piano along with the several instruments he now plays. At age 3½ he can play several Beethoven pieces and can read music notes. He goes out of his way to write notes on his book, "The Complete Piano Player." It has enhanced his learning skills in other subjects such as math, languages, world geography, astronomy, and the sciences. Again Thank You for helping me get what I had lost a long time ago.
