Yes. Absolutely. This is an issue about which I feel very passionate and would be fully committed to be an integral part of the presentation. Just let me know how I can contribute.

Good afternoon, I hope you are doing well. I am writing to inquire whether you would be interested in submitting a proposal with us to present at the ACCCA conference which will take place from Feb 21-23, 2018 in Santa Rosa on supporting undocumented students on campus. As part of the proposal, you or a representative from your campus would discuss the work the District does via its Dream Center, and we would address legal questions that arise such as privacy, ICE on campus, anti-harassment, speech etc. Below is the information about the conference. Thank you for your consideration.

ACCCA is excited to get a jump start on our annual conference! We are inviting all of you to put your thinking caps on and help us fill in our agenda with session proposal ideas for the [2018 ACCCA Conference!](#) We are headed to beautiful wine country this time around - mark your calendars for **February 21-23, 2018** and plan to join us at the **Hyatt Vineyard Creek in Santa Rosa!**

As we embark on another conference (our 43rd, to be exact!!) we are looking to YOU to help tell the story of community college administrators throughout the state. The sessions at the ACCCA conference should be *dynamic*, *engaging*, and *applicable* to our audience. If you attended the 2017 conference, you may remember a new format we introduced - the "fast pitch" session. We are pleased to announce that it was a great success and we are bringing it back for 2018! Who knows - we might even throw in a few surprises!

Be sure to [submit your ideas](#) now so you don't miss out on this great opportunity to present at the ACCCA conference!

We look forward to your ideas and remember, as always, if you have a session idea in mind but you need help gathering presenters...we are here to help - submit the idea anyway!

All proposals must be submitted by Monday, July 31, 2017 - so don't delay!
