

Chapter 6 – Business and Fiscal Affairs

BP 6510 Networked Video Cameras

Reference:

California Penal Code, Sections 630-637.9

The College President/CEO shall establish procedures necessary to implement networked video camera systems throughout the campus as such need may arise. The implementation of such systems shall be limited to: 1) Direct support of instruction; 2) Operational support of College facilities; 3) Protection of District property and assets from theft and vandalism, and 4) Enhancement of the personal security of individuals on campus.

Networked video cameras may be used to support instruction and operational activities on campus, for detecting and deterring crime, to help safeguard against potential threats to the public, to assist in managing the College emergency response during natural and man-made disasters and to assist College officials in providing services to the college community.

Networked Video Cameras may not be utilized to monitor any area where individuals have a reasonable expectation of privacy.

The implementation of networked video camera systems shall be in compliance with AP 6510, Networked Video Cameras.
