

Chapter 7 – Human Resources

BP 7601 Campus Public Safety Internal Policies and Procedures (NEW)

Reference:

Education Code Sections 72330-72332; Government Code 1029-1031.5; Penal Code 832-832.8, 13510-13519, 13550-13553

This policy authorizes the President/CEO to establish internal policies and procedures for operations of the Public Safety Department of the College. These procedures shall be written to be consistent with provisions of law, but will not encompass all laws relating to College activities, specifically the operational policies and procedures of the Public Safety Department.

This policy specifically authorizes the President/CEO to implement the Lexipol online policy manual system to provide direction and guidance for all members of the Public Safety Department. The Lexipol system is a subscription service which provides operational policies for law enforcement agencies across the nation. Lexipol constantly monitors changes in laws and legal decisions. Those changes are provided immediately to subscribers to ensure current knowledge and best practices. Authorized subscribers will be determined by the President/CEO and will include at a minimum current members of the President's Advisory Council.

In cases for which a Lexipol standard policy may differ from a Board Policy or Administrative Procedure, Lexipol will be reviewed by the Chief of Public Safety, in consultation with the Vice President of Administrative Services, annotated to maintain consistency with the Board Policies and Administrative Procedures, and referred to President's Advisory Council for recommendations to the President/CEO who will implement changes necessary to maintain compliance with Board Policy and Administrative Procedure..

In cases for which a Lexipol standard policy may differ from contract language in the exclusive bargaining agreement with CSEA 262, Lexipol will be reviewed by the Chief of Public Safety and representatives of CSEA 262, and by consensus, annotated to maintain consistency with the exclusive bargaining agreement with CSEA 262. Differences in reaching consensus shall be mediated by the President/CEO.

Draft: April 26, 2017
