Kirsten Corbin/Eric Nelson

Fiscal Year [2016-17 Basic Skills Initiative \(BSI\) Advance Allocation](#) has been calculated, certified, and uploaded to Chancellor's Office Academic Affairs Division website, Basic Skills & English as a Second Language webpage under Basic Skills Allocations. While the requirement for colleges to submit expenditure plans for BSI funds in Fiscal Year 2016-17 has been suspended, colleges still need to submit their expenditure report for Fiscal Year 2015-16 **by October 17, 2016**. The [BSI Expenditure Report Template](#) is available in the same located as noted above.

INMATE EDUCATION

Pamela Walker

I am pleased to announce that Maurice "Reece" Geddis has joined the Chancellor's Office as a Retired Annuitant in Educational Services and will primarily work in the area of Inmate Education. He retired as a manager with the California Department of Corrections and Rehabilitation after 27 years in Law Enforcement. That experience, along with his work as a Marriage Family Therapist (MFT) will help us continue to work with our colleges and their Inmate Education Programs, as well as, providing leadership to colleges as they develop Re-Entry Services for the formerly incarcerated.

His work as a Baptist Minister, former student athlete at UC Davis with an NFL affiliation, master's in Criminal Justice and Administration (CSU), and Master's in Marriage Family Therapy (Western Seminary), and work with our community colleges student athletes and Umoja Programs will continue to help us provide direction and support to our colleges with programs that enhance opportunity.

ACADEMIC RECORD SYMBOLS AND GRADE POINT AVERAGE - SATISFACTORY PROGRESS (SP) GRADE

Kirsten Corbin

On September 19, 2016, the Board of Governors approved the changes to California Code of Regulations, title 5, section 55023 Academic Record Symbols and Grade Point Average. This revision will add a new evaluative grade of SP as current grades noncredit courses are limited to Pass and No Pass. Because students can take multiple terms to complete a single noncredit course, they may not earn either a Pass or No Pass in a given term, without a mechanism to collect data on students who are making progress in their noncredit courses, nor for students to see that they are making progress. This change provides the SP grade as an option for colleges with noncredit courses, but its use would not be mandatory

STUDENT FINANCIAL AID - DEFAULT PREVENTION

Ruby Nieto

Last week, the Department released the official Cohort Default Rates (CDRs) for CY2013. The national default rate has gone slightly down from the previous cohort to 11.3%. For our public 2-year sector, the rate is also down to 18.5% from 19.1% the prior year. The default rate for our CCCCCO system is also down from 20.0% to 18.7%. We just finalized updating our CCCCCO Cohort Default Rate DASHBOARD – an excel tool - where you can view your college's cohort default rates. We also have an excel tool that you can use to analyze any cohort to see defaulter characteristics, repayment and defaults trends. You can find these excel tools here:

<http://extranet.cccco.edu/Divisions/StudentServices/FinancialAid/FinancialAidPrograms/dp.aspx>

This summer marks the third year for the Chancellor's Office Default Prevention Initiative. In 2013 we worked with 12 schools that came at or over the 30% CDR threshold (CY2010). This year, we only have two schools over the 30% threshold. The Chancellor's Office will continue to provide support and services to help our schools in their default prevention efforts. It is the Initiative's goal to help our schools reduce default rates to match or better the national cohort default rate for our school sector.

STUDENT SUCCESS & SUPPORT PROGRAM

Chris Graillat/David Lawrence/Michael Quiaoit

The Chancellor's Office completed some annual trainings related to Student Success & Support Program (SSSP): 1-The Admissions and Records (A&R) New Directors Training was held on September 13-14; and 2-The Student Equity(SE)/SSSP All Directors Training held on September 27-29, 2016. The purpose of the A&R training was to provide guidance to new directors/coordinators on California Education Code, California Code of Regulations, title 5, program technical guidance, and auditing guidelines. More experienced colleagues shared best practices with the 55 attendees from throughout the state.

The purpose of the SE/SSSP All Directors Training was threefold: 1-Train new SE/SSSP directors/coordinators on program regulations and funding requirements; 2-Provide vital program updates and topical discussions to both new and seasoned SE/SSSP colleagues; and 3-Allow cross-training of SE/SSSP staffing. The event hosted over 450 attendees total for the three day event. In addition, both SE and SSSP allowed for regional meetings to discuss the impact of integrated planning (Basic Skills Initiative, SE, and SSSP) on their campuses. The event was both inspirational and functional as professionals implementing SE and SSSP in the field were provided practical information, as well as reminded of why Student Success is so important campus-wide.
