Other Information

23.	Please use this text box to provide any comments regarding the data submitted in this report (optional, no limit). **For #18, Licensure Pass Rate, these programs (Registered Veterinary Technology, and Psychiatric Technology) use an ISS that is the average of the overall state rate. So it varies from year-to-year. The programs review the rate each year and make adjustments as needed to improve outcomes for the next cohort of students.** **For #18, Licensure Pass Rate, it has come to our attention that Histotechnology students have an optional Certification that they may take to improve their job prospects, but not a Licensure test. As such, this program will no longer be reported.**

The data included in this report are certified as a complete and accurate representation of the reporting institution.
