

# Serving Students, Faculty, and Staff

- Contract has been signed by both parties (Mt. SAC and Barnes & Noble)
- No major issues, took approximately two months to finalize contract
- Barnes & Noble has been very understanding and their experience with higher education showed sensitivity as we were working through points of the agreement
- Minor Issues:
  - Security and related systems
  - Response time during business hours and 24/7
  - Indemnification
  - Facilities response and building maintenance

# Serving Students, Faculty, and Staff

- Minor Issues (continued)
  - Categorical Programs, ticket sales and scholarships (Barnes & Noble will address)
  - Personnel, six employees that the College retained – payroll, benefits, and files
  - Compliance by both the College and Barnes & Noble with applicable laws
  - Bringing closure to bookstore inventories
  - Re-keying all interior and exterior doors
  - Set up of billing for reimbursement to College

Minor impact, if any, to students. Thanks for your support during this transition.
