

Celebrating Our Graduates!

Re-entry student Judith Urbina first began taking classes at Mt. SAC 30 years ago. She plans on taking her 3.57 GPA to Cal State Fullerton this Fall to become a licensed psychologist to help those suffering from mental health challenges.

U.S. Army veteran Ben Gibbins, an Honors Program student member of Phi Theta Kappa and Psi Beta, was awarded 10 scholarships toward a bachelor's degree in Human Services at Cal State Fullerton and the Clinical Psychology PsyD program at Alliant University.

Attorney Elizabeth Yang, 2018 Alumna of the Year, attended Mt. SAC while still a Walnut High School student. She transferred to UC Berkeley and completed a double major in Electrical Engineering and Computer Science, interned at NASA, and obtained her law degree from the University of La Verne.

Providing High-Quality College Transfer and Job Training Programs

Mt. San Antonio College provides our communities an affordable, local alternative to four-year universities.

As a result, more local students like Alumna of the Year Elizabeth Yang, U.S. Army Veteran Ben Gibbins, and Re-Entry Graduate Judith Urbina rely on Mt. SAC for their education and vocational education needs.

Please join us in continuing to celebrate our graduation season and thanking the public for the helpful feedback we've recently received on our educational priorities.

Community Update on Mt. SAC's Quality, Affordable Educational Programs

Q: What is Mt. San Antonio College's educational mission?

A: Mt. SAC's high-quality, affordable local education programs help students transfer to four-year universities and compete for high-demand jobs. Our College programs include academic and career counseling and support to over a thousand military veterans, and curriculum that allows high school students to get a jumpstart on earning college credit by taking college courses.

Q: What about workforce development?

A: Mt. SAC is an essential resource for students seeking a vocational education that provides the job training, technical knowledge and specialized skills to compete for good-paying modern careers. The College's outstanding job training and vocational education programs keep our local economy strong while training and preparing students for today's competitive global economy.

Q: What are Mt. SAC's priorities?

A: Because of the changing economy, our college classrooms and labs must be upgraded to provide students with up-to-date skills and access to modern technology. Priorities recently identified by the College, our faculty and staff, and our community include:

- ✓ Preparing students for transfer to 4-year colleges
- ✓ Repairing deteriorating gas, electrical and sewer lines
- ✓ Repairing decaying walls, drainage systems, and leaky roofs
- ✓ Improving student safety
- ✓ Improving access for disabled students
