

## Guided Pathways LaunchBoard Tab

9/26/17

A number of colleges have been inquiring about how to access the new LaunchBoard Guided Pathways tab, so this email provides basic information on both logging in and upcoming training.

### ACCESSING THE TAB

- The tab can be accessed on Cal-PASS Plus at: [www.calpassplus.org/LaunchBoard/guidedpathways.aspx](http://www.calpassplus.org/LaunchBoard/guidedpathways.aspx)
- In order to access the tab, you will need a Cal-PASS Plus log in. If you do not yet have a log in, you can request one here: [www.calpassplus.org/User/Login.aspx](http://www.calpassplus.org/User/Login.aspx)
- If you have forgotten your log in, just enter your college email address and click on the “forgotten password” link on the log-in page.

### WHAT'S ON THE TAB

- The tab shows the guided pathways key performance indicators for all 114 colleges.
- You can select from two possible cohorts (first time ever in college, and first-time students who had summer or early college credits).
- Each metric shows both percentages and the number of students, and can be disaggregated by gender, ethnicity, and age.
- Comparison data for regional medians, statewide medians, and the top college in the state—as well as historical trends—help to contextualize your college's results.
- Data can also be viewed in a table format or exported into Excel.

### TRAINING

- A webinar will be held on Wednesday, October 4 from 1-2 that walks users through the tab, provides tips on how to use the data to support local conversations, and explains technical definitions, with ample time for Q&A.
- Log on information is available on the California Guided Pathways Project website ([www.caguidedpathways.org/resources](http://www.caguidedpathways.org/resources)) and will be posted shortly on the Chancellor's Office Guided Pathways website (<http://iepi.cccco.edu/guided-pathways>).
- This webinar will be recorded and posted on the California Guided Pathways Project and Chancellor's Office websites.

If your college has any other questions, don't hesitate to contact me.
