

Mt. SAC Children's Choir
Tuesday, February 13, 2018

Dear Dr. Scroggins,

I just wanted to give you a quick update on my progress with researching a Children's Choir program for Mt. SAC. I have personally observed three children's choir rehearsals in California and visited with their directors and administrators. I have also visited Children's Choir programs in Indiana and Michigan and met extensively with their faculty. I have recently sent out a questionnaire to an additional thirty Children Choir programs throughout the United States and I am awaiting their response. I have been constantly researching various programs on the internet and collecting their handbooks.

I feel as if I am now almost ready to frame an outline of what we would need to do to form a Children's Choir program at Mt. SAC. After I have received responses from the email questionnaires, I will collect all the data and information, come up with an action plan, and set up a meeting with Sue Long and Mark Lowentrout. We will then set up a meeting (hopefully in April) with yourself, Bill Lambert, Irene, and some prominent people in the community to see if we can get the ball rolling.

I am also working with our Community Ed Summer Program to offer a summer Children's Choir, which would help us get things started and also spread the word of our upcoming Mt. SAC Children's Choir for the Fall semester.

Once again, I truly appreciate all your support and I look forward to presenting you with a plan in the near future.

Sincerely,

Bruce
