1/10/18

Meeting with SSSPAC and IT. Angel, Naomi, Lucy, Margie, Evelyn, Nico, Jim O., David

Naomi: CalWorks doesn't have GPA. Students have grades on transcript, but not GPA.

Q for IT: Can we assign a date with eligibility? Ex: Student who takes Assessment Questionnaire and tries to enroll Spring 2018. Will system block them and only let use eligibility for Summer 2018?

Antonio: Separate data collection from backend algorithms. Can launch data collection early (February).

Angel: Begin orientations March 1.

Jim: System will be done by March 30.

Antonio: Get students to test it out. DSPS, Adult Ed, etc.

Q: When? March 10 – March 20, for example. 10 days to apply changes and redo testing.

Jim: Idea: Have counselor at Assessment Center (rotate in?). They can check college transcripts.
