

The New Assessment Questionnaire

An easy new way for students to get placed in ENGLISH and MATH courses

On April 2, 2018, Mt. San Antonio College is launching a new assessment tool to help students get placed in English and Math courses called the **Assessment Questionnaire (AQ)**. Most students will immediately receive placement results based on their answers to the Assessment Questionnaire. The questions students will answer pertain to High School GPA, English and math courses taken in high school, and grades in those courses.

HOW DOES IT WORK?

We recommend students grab their high school transcripts and then go to www.mtsac.edu/aq to learn more and take the AQ. Students may visit the Assessment Center with their high school transcripts for assistance in completing the AQ.

WHAT ABOUT CURRENT STUDENTS?

Current students who have already taken placement tests can opt to take the Assessment Questionnaire if they believe they should be placed higher than the test results indicate. Mt. SAC will take the higher of the two placements, so students have nothing to lose in taking the Assessment Questionnaire.

HOW DO I LEARN MORE?

More information is available online at www.mtsac.edu/aq. A print brochure is also available through the Assessment Center.
