

Newsroom Launch 8/30/17

Good news!!

The Newsroom is now live:

<http://www.mtsac.edu/newsroom/>! It will provide our community a place to read about our latest news, announcements and events. We named it based on feedback from students who found Newsroom to be informative and friendly.

NEWSROOM HIGHLIGHTS

Aside from its location on the home page, we will also be driving people to the site with a campus email we will begin to send next week. We will be sending the email via Announce-C, so the look of the email may need to be tweaked over time to work with the listserve, which tends to strip designs. You can see the latest draft below.

PEOPLE

Mike Taylor spent a lot of time on this project. He will be the primary editor of the publication. It was built by the Web Team, including Eric Turner and Mark Fernandez, who did the heavy lifting. We also got help along the way from Jeff George, Matt Bidart, Rick Nguyen and their student Bryant. I am grateful to all of them for their assistance in making this possible!
