

What the Future Holds: Innovative Conversations to Improve Academic Quality

April 30 – May 3, 2019 at the Hyatt Regency San Francisco Airport in Burlingame, California

Mt. SAC was accepted to present on our accreditation efforts for our 2017 Institutional Self Evaluation Report (ISER).. Kristina, Lianne, and I will present. Here is our abstract:

Taking Ownership in Accreditation: An Authentic Process that Worked for Mt. SAC

Friday, May 3rd, 8:30-9:30 am ([link](#))

Participants will learn about the processes Mt. San Antonio College (Mt. SAC) embarked upon to authentically engage the campus in accreditation. Based on Lessons Learned from our 2010 self-evaluation, the college created a permanent Accreditation Steering Committee. Accreditation done correctly was the catalyst to bring employees to a renewed appreciation of the college's work and an understanding of their own contributions toward accreditation. During the March 2017 visit, the ACCJC team commended the college for its processes. Governance and working as part of a team were key to where the college is today as well as how accreditation will be forever part of the ongoing work of the college. Ways to keep accreditation alive will be shared.
