

COMMUNITY COLLEGE LEAGUE OF CALIFORNIA

CCLC Conference Proposal Submitted on Wednesday, May 29, 2019 - 14:51

Bill Scroggins
President & CEO

Title of Presentation:

Institutional Practices to Increase Student Centered Formula Performance Outcomes

Program Description:

The Student Centered Funding Formula has shifted college income basis from enrollment to a blend of enrollment, financial aid awards, and student outcome performance. Mt. SAC has implemented a research, planning, budgeting, and action agenda to improve overall college funding while staying true to the college mission.

Learning Objectives:

Participants will learn both the general strategy and governance approach to improving SCFF outcomes and the specific actions taken to produce both short term and long term improvement in both SCFF outcome metrics and college general fund revenues.

Session Length: 1-hour Concurrent Session

Target Population:

- CEOs
- Trustees (ONLY)
- Faculty
- Administrators
- Classified Staff
- Student Leaders

Program Strand: Institutional Performance and Accountability
