

Community College Survey of Student Engagement for Spring 2019

December 3, 2018

Hi Bill,

We are due for another Community College Survey of Student Engagement to be ([link](#)) implemented in Spring 2019. They've added a set of Guided Pathways questions that I am recommending we add to our administration. It will provide us with a good baseline measure of students' GP thoughts. I spoke with Joumana and Marty today and they are both in support of it. The wording is sometimes a problem with these national surveys – we provide students' with our translation to help them (or re-write the question ourselves!). Here are the questions:

We usually pay for this out of the President's Office Membership account. We last completed the survey in 2016

The base cost is \$16,200 based on our enrollment. Payment is due May 1, 2019.

Are you supportive of the CCSSE and the costs?

Barbara, Yes, we can participate in CCSSE and the cost is fine—taken out of Guided Pathways funds. Bill
