RE: 2018-2019 K12 Strong Workforce Program Regional Allocations

Dear Colleagues,

The California Community Colleges **Chancellor's Office** (CCCCO) in collaboration with California Department of Education (CDE) is pleased to announce the regional allocations for the 2018-2019 K12 Strong Workforce Program (K12 SWP).

In 2018-2019, [Education Code §§ 88827](#) established the K12 component of the K12 SWP, which appropriates \$150,000,000 in annual, ongoing career education funding to Local Education Agencies (LEAs) to **strengthen students' pathways from secondary to post-secondary education and career**. Via the Doing What MATTERS for Jobs and the Economy [Regional Consortia](#), K12 SWP funding applications shall create, support, and/or expand high-quality K12 career technical education pathways. Pathway Improvement should align with both regional priorities and the ongoing workforce development efforts underway through the Strong Workforce Program. Current Regional engagement meetings are introducing LEAs to the Regional Plan requirements under K12 SWP legislation.

K12 SWP Pathway Improvement funds have been allocated to the Regional Consortia based on the factors and specifications outlined in [Education Code §§ 88827](#): regional unemployment rate (33%), regional average daily attendance for pupils in 7th to 12th grades, inclusive (33%), and regional proportion of projected job openings (34%). The 2018-2019 allocations are as follows:

Regional Consortia	K12 SWP Allocation
Bay Area	\$ 29,422,144
Central Valley-Mother Lode	\$ 22,371,470
