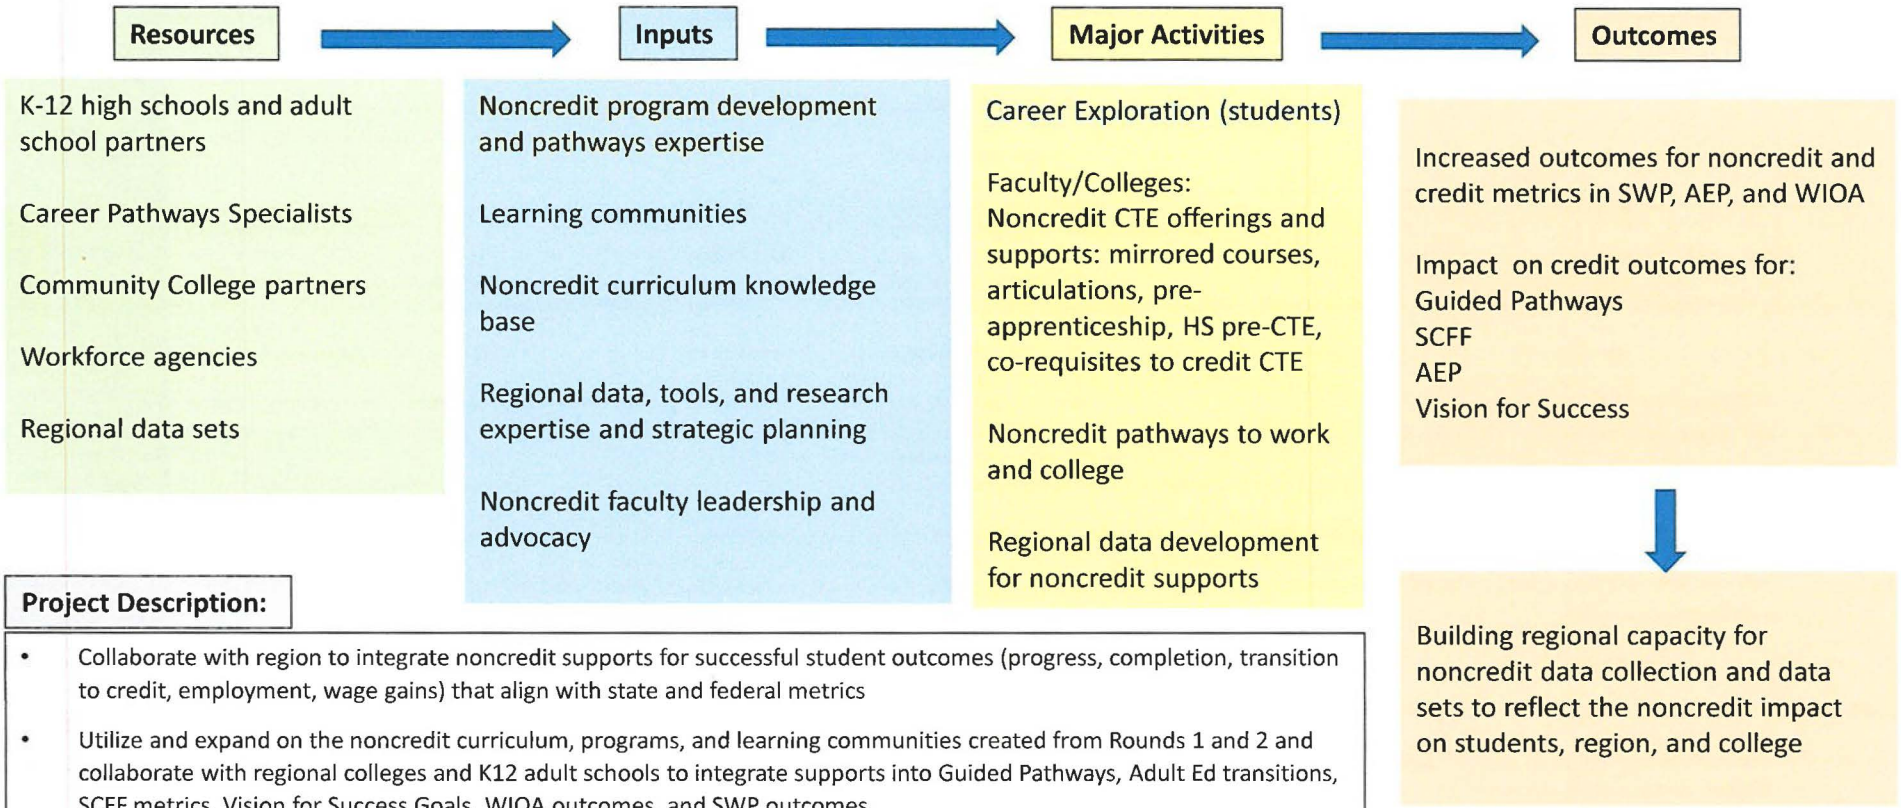
Round 3 Noncredit SWP Project: Integrating Noncredit Supports & Improving Regional Outcomes



Project Description:

- Collaborate with region to integrate noncredit supports for successful student outcomes (progress, completion, transition to credit, employment, wage gains) that align with state and federal metrics
- Utilize and expand on the noncredit curriculum, programs, and learning communities created from Rounds 1 and 2 and collaborate with regional colleges and K12 adult schools to integrate supports into Guided Pathways, Adult Ed transitions, SCFF metrics, Vision for Success Goals, WIOA outcomes, and SWP outcomes
- Noncredit can affect these outcomes in ways that are not always evident, this project aims to provide a regional framework for support models and their integration into metrics, some being pre-college and some being concurrent support for credit

NC Supports	SWP	Guided Pathways	SCFF	AEP	WIOA	Vision for Success
Career Exploration	Earned 12 CTE units CTE course enrollments	College course success rate	Progress Completion	Number of adults served Completion of postsecondary degrees and programs	Credential attainment Measurable Skill Gains	Completion and skills gain Equity gaps Regional achievement gaps
Mirrored Courses	Earned 12 CTE units CTE course enrollments Completion	College course success rate	Progress Completion	Number of adults served Completion of postsecondary degrees and programs	Credential attainment Measurable Skill Gains	Completion and skills gain Average number of units for degree earners Equity gaps Regional achievement gaps
Preparation for CTE disciplines	Earned 12 CTE units CTE course enrollments Completion	College course success rate	Progress Completion	Number of adults served Improved literacy Completion of postsecondary degrees and programs	Credential attainment Measurable Skill Gains	Completion and skills gain Average number of units for degree earners Equity gaps Regional achievement gaps
Noncredit pathways and multiple on-ramps to credit CTE programs	Earned 12 CTE units CTE course enrollments Completion Transfer Employment and earnings	College course success rate Retention Transfer math and English Successful unit attainment	Progress Completion Transfer Employment Earnings	Number of adults served Improved literacy Completion of high school diplomas or their recognized equivalents Completion of postsecondary certificates, degrees, training programs Placement into jobs Improved wages Transition into postsecondary education	Credential attainment Employment rate Median earnings Measurable Skill Gains	Completion and skills gain Transfer Average number of units for degree earners Employment in field of study Equity gaps Regional achievement gaps
Workforce Agencies	Employment and earning	N/A	Employment Earnings	Placement into jobs Improved wages	Employment rate Median earnings Measurable Skill Gains Effectiveness in Serving Employers	Employment in field of study Equity gaps Regional achievement gaps
