

Theresa Tena Welcome New Opportunities!
March 21, 2019

Hello!

I wanted to reach out and let you know that I have left the Chancellor's Office and have begun a seven month interim role as Vice President of Administrative Services at Cosumnes River College on a reverse Interjurisdictional Exchange from the Chancellor's Office. I am very excited for this opportunity to return back to my Finance/Administration roots and work once again at a college.

You are one of the special ones I have had the privilege to work with over the last four and half years on this experiment called the Institutional Effectiveness Partnership Initiative. Thank you for your wise counsel and collegial participation to lay the foundation for system wide assistance and support. Building on the appreciative inquiry theory of change, we set in motion new systemwide strategies of support to advance student achievement and operational effectiveness.

Thank you for the innumerable ways that you sustained our efforts, I am eternally grateful for the support you provided. I look forward to running into you in other circles supporting our colleges and students (my new contact information below).

With much gratitude!

Theresa D. Tena
Interim Vice President Administrative Services
Cosumnes River College
