June 18, 2019

**TO: LAOCRC Governance Council and Presidents**  
**FROM: LAOCRC Executive Director**  
**RE: Revised Regional Share Strong Workforce Program Incentive Funding Allocations (17%)**

Greetings LAOCRC Colleagues, here is a snapshot of the Chancellor's Office's update on the Revised Regional Share of Strong Workforce Program Incentive Funds (the link at the bottom provides details for local revisions as well). **Please note that no action is needed for 2017-2018 or 2018-2019 budgets, as the increases and/or reductions will be reflected in our 2019-2020 allocations.** It's our understanding that there was a miscalculations with metrics for certificates and degrees and I am waiting for further clarification from colleagues at the Chancellor's Office, and will provide you with more clarity once I receive answers

I anticipate receiving the final 2019-2020 allocations by the end of June. Below is a summary of each county's net increase/reduction to its 2019-2020 allocations. Once the actual 2019-2020 allocations are released, I can provide an update on the impact we will have to our pre-approved regional project budgets. We will have ample amount of time make any necessary adjustments and can discuss final allocations at the July business meeting.
