Mt. SAC's Class of 2020 was scheduled to be the first class to graduate in the college's new state-of-the-art stadium, but made history of another sort: It was the first to have a drive-thru commencement.

Prompted by the [coronavirus epidemic](#), students arrived in their vehicles on Thursday evening and made their way through a 1-mile route. Each received a graduation box filled with a stole, 2020 tassel, diploma cover and other Mountie swag, according to a news release ahead of the event.
