Workgroup Analysis
Digital Innovation and Infrastructure Division

Telecommunications and Technology Advisory Committee
(Category B)

Analysis presented by:
Date: 1/27/2020

Workgroup purpose

The Telecommunications and Technology Advisory Committee (TTAC) advises the California Community Colleges Chancellor's Office on the continued development and deployment of educational technologies in the California Community Colleges. The Committee researches technology trends and recommends the direction for technology infrastructure initiatives within California Community College system.

Authorities

1996-97 Budget language authorizes the Telecommunications Technical Advisory Committee. The Telecommunications and Technology Advisory Committee (TTAC) is a technology policy advisory committee established by the Chancellor of the California Community Colleges in 1998.

Defined Charter

Attached. (Due April 30th)

Value and Impact

The Telecommunication and Technology Advisory Committee brings together stakeholders from across the California Community College System to provide input and advise the Chancellor's Office leadership on educational technology needs, trends, and initiatives which can benefit the entire system.

2020-21 Goals (due April 30th)

This section is due April 28. Enter the group's goals for the coming year, including any deliverables, timeline, and how the goal aligns to one or more goals and commitments within the Vision for Success. If you do not have goals defined yet, delete this section.

1. Investigate viability and make recommendation on a system-wide ERP offering.

2. Investigate and provide recommendation on a single sign-on, SAS solution for students, faculty and administration for the CCC System.

> **Commented [BG1]:** Co-Chairs. We have provided a few goals and are seeking your input on additional goals and a possible goal statement aligning with the Vision for Success.
> Thank you!

3. Create and disseminate an IT Survey to determine CCC System technology needs.

Opportunities for Advocacy

This section is due April 28. Provide your assessment as to whether there are opportunities for this group to assist in advocacy for the Board of Governor's 2020-21 Budget and Legislative request… If none, delete this section.

Recommendation

It is recommended that the Telecommunications and Technology Advisory Committee continue to convene and provide the California Community Colleges Chancellor's Office with information, feedback, and guidance on the development and deployment of educational technologies.

Chancellor's Office Staff Member Lead

Barney Gomez, Vice Chancellor
Digital Innovation and Infrastructure Division
