

County variance info - Coronavirus COVID-19 Response

COUNTY OF LOS ANGELES
Public Health

Last updated June 20, 2020 at 12:52 PM

<https://covid19.ca.gov/roadmap-counties/>

On June 18, 2020, CDPH issued [Guidance on the Use of Face Coverings](#), which broadly requires the use of face coverings in California when in public or common spaces. Complete details, including all requirements and exceptions to these rules, can be found in the guidance.

The industry guidance below will be updated to reflect the revised policy on the use of face coverings.

Local health jurisdictions that meet the criteria set forth by the California Department of Public Health and follow the process in the [county guidance](#) may move further ahead in the [Resilience Roadmap](#).

If a county decides to pursue a variance to move further ahead in the Resilience Roadmap, the local public health officer must:

1. **Notify the California Department of Public Health (CDPH).**
2. **Certify through submission of a written attestation to CDPH that the county has met the readiness criteria (outlined below), including guidance to be issued by the county and detailed plans, and that the county is designed to mitigate the spread of COVID-19.**

See the [list of counties](#) that have met the criteria.

County criteria to move further ahead in the Resilience Roadmap

County case metrics

County preparedness

County response

County data monitoring

California is [monitoring COVID-19 closely](#) in each local community and keeping the public informed. We're teaming up with counties to fight it with every tool we have: [current local data](#), testing, contact tracing, infection control, emergency supplies, containment measures, and more.

Counties should be ready to restore limitations if outbreaks increase. The State Public Health Officer may take action if needed.

Zoos and museums

Gyms and fitness centers

More open sectors in variance counties after June 19

Hotels (for tourism and individual travel)

Recommended effective date to open for these sectors is no sooner than 6/19/2020. The following guidance should be implemented only with county health officer approval following their review of local epidemiological data including cases per 100,000 population, rate of test positivity, and local preparedness to support a health care surge, vulnerable populations, **Cardrooms and**

racetracks

Campgrounds and outdoor recreation

Personal care services
