

	<b>President Cabinet Quarterly ER Updates October 15, 2019</b>	
Emergency Operations Plan Compliance	<p>Final Phase of ICS 300 and 400 training Completed by November 1</p> <p>Lockbox in the EOC for key access to storage bins and cabinet access in EOC</p>	<p>Emergency Action Plans – future table tops -commencement -football games -Mt SAC relay -Theatre evacuations -Farm ----- Appendices in the binder -vendors -equipment on campus -employee skill list -campus maps: - hazards - possible shelters - utilities – power loops -refrigeration capability - Reunite plan for CDC – not finalized due to change in initially recommended off campus locations.</p>
Active Shooter Training “Knowledge Saves Life’s” August 21- Student Services Department	4 hour training to provide real life like scenarios – involving an active shooter situation	Services were paid for by ASCIP, each ASCIP client gets two per year, cost of \$6,000 per training both were used for this training because of the number of people attending Duetta met with instruction to discuss active shooter training and Duetta will work with each division to determine training availability
Emergency radio update range is very minimal	<p>Lost communication from the field to the IC post – need to determine</p> <ul style="list-style-type: none"> <li>radio channel availability</li> <li>range of radios</li> <li>What type of radio or recycle current radios from campus safety</li> </ul>	<p>Update: Once the new radios for campus safety are programmed then we can recycle the Police and Campus Safety current radios for our building managers -radios are being programmed this week October 8, 2019</p>
2019 Fall Building Evacuation Drill - debrief	Day Drill – radio communications were better between building managers and campus safety – teach radio users to use one Mississippi	Scheduled for October 10, 2019

	<p>after holding the button to communicate</p> <ul style="list-style-type: none"> <li>-suggested maybe doing quarterly drills with smaller sections</li> <li>-train to use caution tape in areas where you do not wish to have traffic pass through between buildings or congregate in pod areas between buildings</li> <li>-are the building evacuation team members checking both sides of their building <ul style="list-style-type: none"> <li>-texting worked for Verizon, sprint and AT&amp;T services text was duplicated and dashes came across as question marks</li> </ul> </li> <li>– issue should resolve with RAVE <ul style="list-style-type: none"> <li>-- drill hit home to have chalked bodies on the ground in the area of the assembly areas – reminding people not to be so close to the buildings</li> <li>--some people did not receive the text or phone call because they had cell phones off or if teaching on white board no computer message is able to be received- better communication in prep for the drill</li> </ul> </li> <li>-Sodexo and bookstore failed to participate <ul style="list-style-type: none"> <li>- evacuation was completed in 20 minutes – a tick to long</li> </ul> </li> </ul> <p>Night-campus safety assisted in buildings that did not have night building evacuation team – work with faculty that are teaching night courses to provide floor captain equipment to be able to communicate</p> <ul style="list-style-type: none"> <li>- Completed evac in 11 minutes</li> </ul> <p>(1) Blackboard did send messages quite quickly, but it did <u>not</u> successfully post to Facebook, but did to Twitter. I did a second</p>	
--	--	--

	<p>test to FB to see if it would post and it would not. Went in to reset FB, but Blackboard did not allow it.</p> <p>(2) Blackboard's text message came through with minor errors for some and major for me where I did not understand what buildings were impacted. See screen clips. Looks like hyphen became a special character (em-dash) and got mucked up.</p> <p>(3) Desktop Notifications were visible on our PCs. My MAC users did <u>not</u> receive them.</p> <p>(4) RAVE is so much easier just needing to log into one account instead of having to log into Blackboard AND AlertUs to send messages.</p>	
Emergency Preparedness Fair – October 8	16 vendors	<p>Staff and student participation – estimated 200 participants</p> <p>-participants picked up a bingo card and once it was filled they reported back to the information booth and were given an emergency supply cup</p>
Disaster Prep Week	<p>Trainings and activities will be held on campus to prep staff and students in an emergency Training suggestions:</p> <ul style="list-style-type: none"> <li>• Fire Extinguisher training</li> <li>• Disaster Service Work training</li> <li>• Sidewalk CPR</li> </ul>	<p>We will be finalizing activities and vendors by September 1. On the Agenda for the July 15 meeting</p>
