

MT. SAC GUIDED PATHWAYS TO SUCCESS 2020 Mini-Grant Call for Applications

We invite you to submit a proposal application for a mini-grant to fund a project, activity, event, and/or conference travel related to the implementation of GPS.

At Mt. SAC, Guided Pathways to Success (GPS) is about doing what we are already doing, but doing it better. By working collaboratively across areas, innovating with new approaches, integrating support services into the student experience, and above all keeping students at the center of our work, GPS makes it easier for students to get the help they need during every step of their community college experience. The Guided Pathways Cross-Council Committee has funding to support faculty, staff, and managers in activities or projects that would help us in accomplishing this work and meeting the Guided Pathways Guidelines <http://cccgp.cccco.edu/>. The focus of Mt. SAC's GPS is to evaluate and improve our college processes to ensure that the college is ready for our students. From start to finish, we want students to experience the support and engagement for which Mt. SAC is known.

For more information
and the Mini-Grant
application go to
<https://www.mtsac.edu/gps/>

**Funding Requests must be submitted by
5:00 p.m. on Monday, April 13th 2020.**

For individual assistance
please feel free to
contact Dr. Joumana
McGowan (Ex 5140)
and/or Shiloh Blacksher
(Ex 4875) and/or Sara
Mestas (Ex 6349).
