

LAOCRC Governance Council Action Item Approvals

January 10, 2020

CEOs took action on the following two items at yesterday's Governance Council Business meeting, which include:

1. 2019-2020 SWP Base Regional Projects Budget Reduction Recommendations
2. 2020-2021 SWP Regional Projects Application Proposal Process

Approved Budget Reductions: I have attached the approved budget reduction for the 2019-2020 SWP Regional Projects. Both actual base and projected incentive allocations were considered and applied and, if your project is not on the list, it's the result of all funding be exhausted. Please note that all projects were approved with the originally-approved ranks. Dr. Childers and Dr. Chamorro will follow up with the regions to do a deep dive on next steps. Please direct all questions/comments to your respective director.

Approved Application Proposal Process: The process for submitting regional projects for the 2020-2021 and subsequent Strong Workforce Program Regional Base and Incentive Allocations will require a "proposal application" prior to the approval of any regional projects. As time is a great factor with implementing this new process, a Zoom Call has been established to review the templates with all leads and collaborative proposers for Wednesday, January 15, 2020 at 9:00am – 10:00am. Maria Madrigal will send an Outlook invite to you shortly; however, here are the details to reconcile with your calendars. This webinar is mandatory for voting members (your alternate may attend on your behalf).
