Summary: Existing law establishes the Adult Education Program under the administration of the Chancellor of the California Community Colleges and the Superintendent of Public Instruction. Existing law requires the chancellor and the Superintendent, with the advice of the executive director of the State Board of Education, to divide the state into adult education regions and approve one adult education consortium in each of those regions. Existing law authorizes a community college district, school district, or county office of education, or a combination of these entities in a joint powers authority, to be members of an adult education consortium. Existing law requires, as a condition of receipt of an apportionment from the program, that an adult education consortium approve a distribution schedule for apportionment to members of the consortium. This bill would provide requirements and procedures to be followed when a member of an adult education consortium, or the consortium itself, has a carryover, as defined, of funds from the immediately preceding fiscal year. The bill, on and after July 1, 2022, with certain exceptions, would generally prohibit a member of an adult education consortium and the consortium itself from carrying over more than 15% of its allocation from the immediately prior fiscal year. The bill would authorize the consortium to reduce the annual allocation for a member if the consortium finds that the member has unspent funds remaining from the immediately prior fiscal year. The bill would require a consortium member to certify its expenditures for the immediately prior fiscal year on or before September 1, and for the consortium itself to do the same on or before September 30. This bill contains other existing laws.

Calendar: 5/24/2021 #278 ASSEMBLY SECOND READING FILE -- ASSEMBLY BILLS

Summary: Existing law establishes the California Community Colleges, under the administration of the Board of Governors of the California Community Colleges, as one of the segments of public postsecondary education in this state. Existing law makes specified community college career development and college preparation courses and specified classes for which credit is not given eligible for state funding. This bill would require the board of governors to adopt regulations, no later than May 31, 2022, requiring the accounting, for purposes of state funding of

community colleges, of students enrolled in certain types of courses to be conducted by positive attendance count or on a census date basis in accord with certain computational requirements. To the extent these provisions would add additional duties on community college districts, the bill would impose a state-mandated local program. This bill contains other related provisions and other existing laws.

Calendar: 5/24/2021 #144 ASSEMBLY SECOND READING FILE -- ASSEMBLY BILLS

Summary: Existing law establishes the California Community Colleges, under the administration of the Board of Governors of the California Community Colleges, as one of the segments of public postsecondary education in this state. Existing law requires the board of governors to appoint a chief executive officer, to be known as the Chancellor of the California Community Colleges. Existing law, until July 1, 2026, authorizes the board of governors, in consultation with the California State University and the University of California, to establish a statewide baccalaureate degree pilot program. Existing law requires that program to consist of a maximum of 15 community college districts, with one baccalaureate degree pilot program each.
