Re: Return to Campus (RTC) program rankings

7 July 2020

In keeping with the desire to have the instruction team rank programs for on-ground scheduling in fall 2020, I submit the following ranking. Each program fits the criteria for (1) first responders, (2) health, and (3) infrastructure/trades programs. Each of the programs already has courses listed in the fall schedule *or* under active discussion by the RTC Workgroup. Each program prepared a 250-word summary of the urgency for on-campus scheduling. The several instructional divisions reviewed those justifications and ranked the programs—the lower the score, the higher the divisions collectively ranked the program; each division participated though one chose to abstain from the ranking.
