

Dual Enrollment Quarterly Update to President's Cabinet: July 28, 2020

Dual Enrollment and COVID-19

The current COVID health climate has made a significant impact at our K-12 partner school districts. Our Winter and Spring 2020 semester saw many dual enrollment students electing to go with the EW option and the Pass/No Pass option in lieu of a letter grade. We commend the dual enrollment students and our Mt. SAC dual enrollment faculty for progressing through the difficult semester. The Summer 2020 semester had steady enrollment in all our dual enrollment sections. With the governor recently issuing the statement that schools will have to go to full online instruction for Fall 2020, initial plans by the school districts to have a remote and in-person hybrid model has now been put on hold. All our school districts are working hard to create student rosters for their high school classes, and also for the dual enrollment courses. Recruitment efforts by our school contacts have been met with challenges as they have been trying to communicate to students through phone and e-mail with little success. Our program has provided support to the students and school contacts via e-mail and phone as well. Several Zoom planning meetings with school administrators and counselors have been done to strategize ways that we can help students register and prepare for Fall 2020. The dual enrollment program staff continues their focused efforts in supporting our students, faculty, and school district partners.

MOUs for 2020-2021: MOUs have been approved by our Board of Trustees and were directed over to our partner school districts for school board approval and signatures. In total, we will have partnerships with 12 school districts, and 27 high schools for the 2020-2021 academic year. We will have 8 CCAP AB288 agreements and 13 Non-AB 288 agreements.

Dual Enrollment 2020-21 Academic Year: We have 59 sections of dual enrollment courses planned for the online Fall 2020 semester. We have been working with our faculty to inform us whether they plan to teach synchronously, asynchronously, or a combination of both. We are also relaying details to them regarding the required FOMAR and sexual harassment trainings. Our POD office staff has been very helpful in assisting our faculty with questions and technical support.

New Partners for 2020-21: We are excited to bring on 6 new high school partners: Pomona Catholic (private high school), Charter Oak, Garey, Pomona, Fremont Academy of Engineering, and Palomares Academy of Health Sciences.

Dual Enrollment Counselors: Our DE Counselors have been very vital to the success of our program, especially during the transition to online instruction and preparation for Fall 2020. They have been essential in the communication and assistance to students who were exploring the EW and Pass/No Pass grading options. We are excited to have all four of our dedicated dual enrollment counselors returning for 2020-21. Students and high school administrators have expressed their gratitude of the services provided by the DE counselors. They are looking forward to another year of guidance and support of the dual enrollment students.

Articulation: In partnering with Marie Tyra and her Articulation team, we have shared notes and information from her current articulation agreements with our partner high schools to see how our program can support high school student success through dual enrollment course options.

2020-2021 MOUs

District	High School	Agreement	Notes	Board meeting date
<i>Archdiocese of Los Angeles</i>	Pomona Catholic	NON AB288	SUBMITTED and APPROVED by Board of Trustees	5/13/2020
