

**Foothill Transit** Going Good Places

## **Foothill Transit Resumes Front Door Boarding**

Friday, September 18, 2020

On Sunday, October 18<sup>th</sup>, Foothill Transit will begin collecting fares again and allowing front door boarding. Buses that are equipped with bus operator plexiglass barriers will start front door boarding and accepting fares safely. Buses that do not have a bus operator barrier will continue to allow boarding from the rear door and will not enforce fares.

**This change won't impact the free rides for Mt. SAC students. They will still be able to ride for free by showing their school ID to the bus operator. In addition, we will continue to pause billing to the university for the remainder of the fall semester.**

I will reach out to Uyen Mai in the Marketing Department shortly to provide some content that can be distributed across the campus to notify your students about these changes.

Please let me know if you have any questions.  
Thank you for your continued partnership!

Best,

Hendy D. Satya | Marketing and Communications Manager
