

Dual Enrollment Quarterly Update to President's Cabinet: October 27, 2020

Dual Enrollment and COVID-19

The current COVID health climate has made a significant impact at our K-12 partner school districts. We commend our dual enrollment students and Mt SAC dual enrollment faculty for progressing through this challenging time. The Summer 2020 semester had steady enrollment and success in all our dual enrollment sections. With the governor issuing new plans and guidelines for re-openings, discussions by the school districts to have a remote and in-person hybrid model have continued in preparation for possible return to school sites. All our school districts are working hard to create student rosters for their high school classes, and also for the dual enrollment courses. Recruitment efforts by our school contacts have been met with challenges as they have been trying to communicate to students through phone and e-mail with little success. They have told us that many high school students are going through "Zoom Fatigue". Our program continues to provide support to the students and school contacts via e-mail and phone as well. Several Zoom planning meetings with school administrators and counselors have been done and are planned in order to strategize ways that we can help students register and prepare for Winter 2021 and Spring 2021. The dual enrollment program staff continue their focused efforts in supporting our students, faculty, and school district partners.

MOUs for 2020-2021: We will be moving forward with a new Dual Enrollment, Non-AB288 MOU, with Charter Oak Unified School District. In total, we will have partnerships with 12 school districts, and 27 high schools for the 2020-2021 academic year. We have 8 CCAP AB288 agreements and 11 Non-AB 288 agreements.

Dual Enrollment 2020-21 Academic Year:

Semester	Total number of DE courses
Summer 2020	9
Fall 2020	55
Winter 2021	19
Spring 2021	41
Total 2020-21	124

We have been working with our faculty to inform us whether they plan to teach synchronously, asynchronously, or a combination of both. We are also relaying details to them regarding the required FOMAR and sexual harassment trainings. Our POD and FCLT office staff has been very helpful in assisting our faculty with questions and technical support.

Dual Enrollment counselors: Our DE Counselors have been very vital to the success of our program, especially during online instruction for Fall 2020, and in preparation for Winter and Spring 2021. They have been essential in communicating and assisting with students who were exploring the EW and Pass/No Pass grading options. We are excited to continue to have all four of our dedicated dual enrollment counselors throughout the 2020-21 academic year. Students and high school administrators have expressed their gratitude for the services provided by the DE counselors who are providing guidance and support for the dual enrollment program.

Dual Enrollment Quarterly Update to President's Cabinet: October 27, 2020

Articulation: In partnering with Marie Tyra and her Articulation team, we have shared notes and information from her current articulation agreements with our partner high schools to see how our program can support high school student success through the offering of dual enrollment course options.

SUMMER 2020 DUAL ENROLLMENT COURSES AND SUCCESS RATES

School	DE model	Course	CRN	Online model	Total Success Rate	DE graded students	DE student success rate

2020-21	4	19	4	24*

*Planned

Total DE courses by year		
	Courses	% of Growth
2016-17	2	0%
2017-18	30	1400%
2018-19	51	70%
2019-20	92	80%
2020-21	125	36%

Notes:
 *We had 3 ENGL 1A/80 courses in Fall 2018
 * Winter 2021 shows less courses than Winter 2020 due to Pomona USD and Baldwin Park USD adopting a quarter calendar as a result of COVID. This moved 5 normally scheduled Winter courses over to Spring.
