RE: Notification of Intent to Award for FY 2023-25 Culturally Responsive Pedagogy & Practices (CRPP) Innovative Best Practices Grants

This memorandum is a formal notification of the intent to award the Culturally Responsive Pedagogy & Practices Innovative Best Practices Grants (CRPP IBP Grants) by the Chancellor's Office Institutional Effectiveness Division (IE).

Due to the competitive nature and the quality of applications, as well as the ongoing commitment to (DEIA)-minded and culturally competent professional development training for faculty, the Chancellor's Office has allocated additional funding for this grant fund. As a result, the Chancellor's Office is awarding a total of \$17,374,279 in CRPP IBP grant awards to a total of 59 colleges.

IE acknowledges the quality of applications submitted and the proposed activities to meet the requirements of the CRPP IBP Grants RFA. Pending Board of Governor's approval in May, as well as the availability of funds, grant commencement will be June 15, 2023. These grants will not be formally awarded until after Board of Governors' approval, and institutions included in this notification should not make public statements indicating the receipt of funding until after Board of Governors' approval. A list of the awarded project applications and the funding amount can be found in the "Intent to Award" table starting on page 2.

Grant Overview

The CRPP IBP Grants are competitive, one-time grants to aid institutions that develop innovative Diversity, Equity, Inclusion, and Accessibility (DEIA)-minded and culturally competent professional development training for faculty. Trainings should focus specifically on nurturing the development of culturally responsive pedagogy and classroom practices for disproportionately impacted and underrepresented communities. The goal of the CRPP IBP Grants is to develop DEIA-focused professional development opportunities to upskill faculty and successfully expand their capacities to serve students, improving students' experiences and outcomes.

Grant Awards

All applications were reviewed and competitively scored. Outlined in the “Intent to Award” table are grant awards by college, proposal title, and award amount.

Protest of Awards

Applicants have ten (10) business days from the day this memorandum is distributed and posted online to submit a letter of appeal signed by an authorized person. If an appeal is entered during this period, the grants affected will not be awarded until the appeal is resolved. Appeals shall be limited to the grounds that the Review Committee failed to correctly follow the specified processes for reviewing the application, indicating the specific process(es) in dispute. Incomplete or late protests will not be considered. The appeal must specify the grounds of appeal and must be based on the process and/or procedures used in the review and recommendation of application for awards. Protests should be submitted to the Chancellor’s Office at the following email address: khenderson@cccco.edu by 5 p.m. on the 10th day after posting.

Next Steps

The Chancellor’s Office reserves the right to adjust awards based upon the availability of funds, or fund applications at a lesser amount if it determines, at its sole discretion, that the application can be implemented with less funding, or if funding is not sufficient to fully fund awards. Before the execution of a grant agreement, Chancellor’s Office staff may contact institutions receiving funding to request adjustments or modifications to the proposal and/or budget.

For questions regarding the CRPP IBP Grant awards, please contact Dr. Krystal Henderson, Grant Monitor, at khenderson@cccco.edu.
