Success Metrics Dashboard
Tuesday, April 25, 2023

Over the last several years, the *Vision for Success* has served as our collective North Star, by making our goals and commitments for improvement clear and student focused. Our approach to improvement of our system has consisted of transparent sharing of our system outcomes and the use of data and evidence to inform our actions. To that end, I am pleased to announce the release of the 2023 Student Success Metrics (SSM) Dashboard update. I invite you and your teams to the Dashboard Release Webinar on May 4, 2023.

BACKGROUND ON THE STUDENT SUCCESS METRICS (SSM)
The Student Success Metrics dashboard showcases student progression along various educational journeys, from recruitment to completion, transfer, and the workforce. The metrics provide a holistic approach to student success across funding streams and initiatives and can support colleges in setting goals that align with the *Vision for Success*.

KEY HIGHLIGHTS OF THE 2023 STUDENT SUCCESS METRICS DASHBOARD

- Learn about the new features, metrics and drilldowns added to the Student Success Metrics dashboard as our system begins the process of responsively incorporating elements of the Governor's Roadmap with the California Community Colleges into our systemwide dashboards.
- Explore the Cohort View to better understand and track opportunities to improve student outcomes and to close equity gaps.
- Gain an understanding of updated data to track outcomes established in the 2022 Student Equity Plans.
