8. On Campus Collaboration: Articulation, High School Outreach, Student Resources

Early College Academy's/Programs:

- **Hacienda La Puente USD:** Workman Early College Academy Network (WECAN) continues to recruit students for the 2023-24 cohort and has opened up registration for the upcoming freshman class. Dual Enrollment team will be attending recruitment workshops and parent meetings. Dual Enrollment is currently being offered at all Hacienda La Puente USD comprehensive High Schools.
- **Bassett USD:** Ongoing planning meetings are occurring with Bassett high school. They have hired an A-G counselor who will work directly with Dual Enrollment students to help support and recruit students. Discussion off expanding dual enrollment opportunities continue along with ongoing collaboration with Bassett High School and the dual enrollment team to enhance student success.
- **Pomona USD:** Dual Enrollment is currently being offered at all Pomona USD comprehensive high schools as well as their continuation high school. Ganesha continues to have discussion of expanding dual enrollment opportunities and will be expanding the dual enrollment program for 2023-24.
- **Partners:** Dual Enrollment Continues to meet with high school partners and districts to increase access to college level courses and expand dual enrollment opportunities at every partnering school site.

Dual Enrollment Counselors:

Counselors continue to connect with our professors, students, and high school partners and set-up meetings for students that may be struggling in their college course(s). The ESARS link for Dual Enrollment (DE) counselors is now live and available for students to schedule appointments. The Canvas shell has been utilized to remind students about open office hours to meet with a counselor and continues to be updated with college events and information. The counselors are working closely with the DE team to set-up presentations for partners, parents, and students and to be introduced to the school staff to begin making visits to the campus to see students in person beginning Winter/Spring 2023. Currently, counselors are working closely with Dual Enrollment and Special Admit to facilitate orientation and the AQ process to assist students in selecting the correct college course. DE counselors are looking forward to continued team building and sharing ideas with the DE team in January
