The **November 2022 update to the Compendium is now available** on the <u>Budget News page</u>. The inaugural Compendium of Allocations and Resources (the Compendium) was created to support district and college leaders in the implementation and effective use of 2022-23 fiscal resources.

2022-23 California Community Colleges Compendium of Allocations and Resources

The Compendium provides fiscal and program guidance in one central location to facilitate access to information.

Monthly updates to the Compendium will be released through the First Principal Apportionment in February. **The November 2022 update can be found** on the <u>Budget News page</u>. On page 9 of this release, we provide a bulleted list of new or updated content, which is summarized below.

# Major updates from the September 2022 edition to the October 2022 edition:

- Guided Pathways: Moved to Categorical Programs: Non-Grant Funded section. See pages 143-150.
- 2022-23 Physical Plant and Instructional Support Certification and Allocations: New guidance for electric vehicle charging stations. EV charging stations are now included under the Physical Plant and Instructional Support program. See page 177.
