An act to add Article 5 (commencing with Section 118600) to Chapter 2 of Part 15 of Division 104 of the Health and Safety Code, relating to restrooms.

LEGISLATIVE COUNSEL'S DIGEST

AB 1732, as amended, Ting. Single-user restrooms.

Existing law requires a public agency, as defined, that serves the public or is open to the public and maintains toilet facilities to make those facilities available to the public free of charge. Existing law requires publicly and privately owned facilities where the public congregates, as defined, to maintain a sufficient number of temporary or permanent toilet facilities to meet the needs of the public at peak hours. Existing law also requires each business establishment to provide, within reasonable access, a sufficient number of toilet facilities for the use of the employees.

This bill would, commencing March 1, 2017, require all single-user toilet facilities in any business establishment, place of public accommodation, or government agency to be identified as all-gender

toilet facilities, as specified. The bill would authorize inspectors, building officials, or other local officials responsible for code enforcement to inspect for compliance with these provisions during any inspection.

Vote: majority. Appropriation: no. Fiscal committee: yes.  
State-mandated local program: no.
