Subject: Volunteers for ACUPCC Implementation Committee

The following faculty, students and community representatives have volunteered to serve on the Mt. SAC ACUPCC implementation committee:

1. Chris Briggs - Biology faculty
2. Kamran Golestaneh - Chemistry faculty
3. James Stone - Political Science faculty
4. Christine Nguyen - Environmental Senator (Associated Students)
5. James Gardner - Student Representative
6. Gerald Croissant - Community Representative (San Gabriel Mountains Regional Conservancy)
7. Ann Croissant - Community Representative (San Gabriel Mountains Regional Conservancy)
8. Melissa Barcelo - Community Representative (City of Walnut Environmental Services)

Tom Edson suggested that we could ask the full committee to meet on a quarterly basis to approve and make major decisions and we could form an Exec Board from the full committee to oversee or carry out decisions of the full committee. What are your thoughts?

James
