Subject: Fast Track to Success program at CBU

Dr. Scroggins,

My name is Ted Meyer and I am Dean of Enrollment Services for California Baptist Universities Online & Professional Studies Division. We have a new program called the "Fast Track to Success" that our Vice President Dr. David Poole and Dr. Roger Schultz from MSJC put together to assist community college graduates and current students with a fast track to completing their bachelor degree, and it is at a 30% discount if they attend fulltime. We have since signed MOU Fast Track to Success programs with Chaffey College, Victor Valley College and Crafton Hills College and are spreading around to all colleges in Southern California to offer this new program. This program is completely online as to offer that option for your students.

I have attached the flyer for this program to this email and would like to know if Dr. Poole and I could come out and visit with you and talk about this program to see if this is something you all at Moreno Valley College would like to partner in.

I appreciate your time and look forward to hearing from you.

Best regards,

Ted
