# Current Waitlist Rules at Mt. SAC

2/23/2015

Here are the waitlist rules at Mt. SAC as of Spring 2015:

The options under Waitlist Registration Error Checking are set as follows:

1. Duplicates – students are not allowed to waitlist for a class in which they already are registered.
2. Links – students are not allowed to waitlist for a class where the linked class is not available
3. Corequisites – students are not allowed to waitlist for a class if the corequisite is not available
4. Prerequisites – students are not allowed to waitlist for a class unless they meet the prerequisites for the class.
5. Time – students **may** put themselves on a waitlist for a class that meets at the same time as another class in which they are currently registered.

Waitlist notification period = 72 hours. Students on a waitlist for a class have 72 hours to respond to an open seat notification before the opportunity to register is given to the next student on the list.

Waitlist Seats per Section – by default, each section of a class is configured to have 10 seats on the waitlist. This is controlled at the section level; those doing the scheduling have the ability to increase or decrease the number of waitlist seats as needed.

As of 2/23/15 (8:15 am) there were 13,724 waitlist registrations. Note – this is not the number of students on waitlists; some students may be waitlisted for more than one class.

50% (6,876) of the waitlist count consists of waitlists in the following 37 courses.

Subject	Course	Count on Waitlist
ENGL	1A	614
SPCH	1A	526
ENGL	68	457
ENGL	1C	425
BIOL	1	345
HIST	1	337
