CAMPUS PLANNING

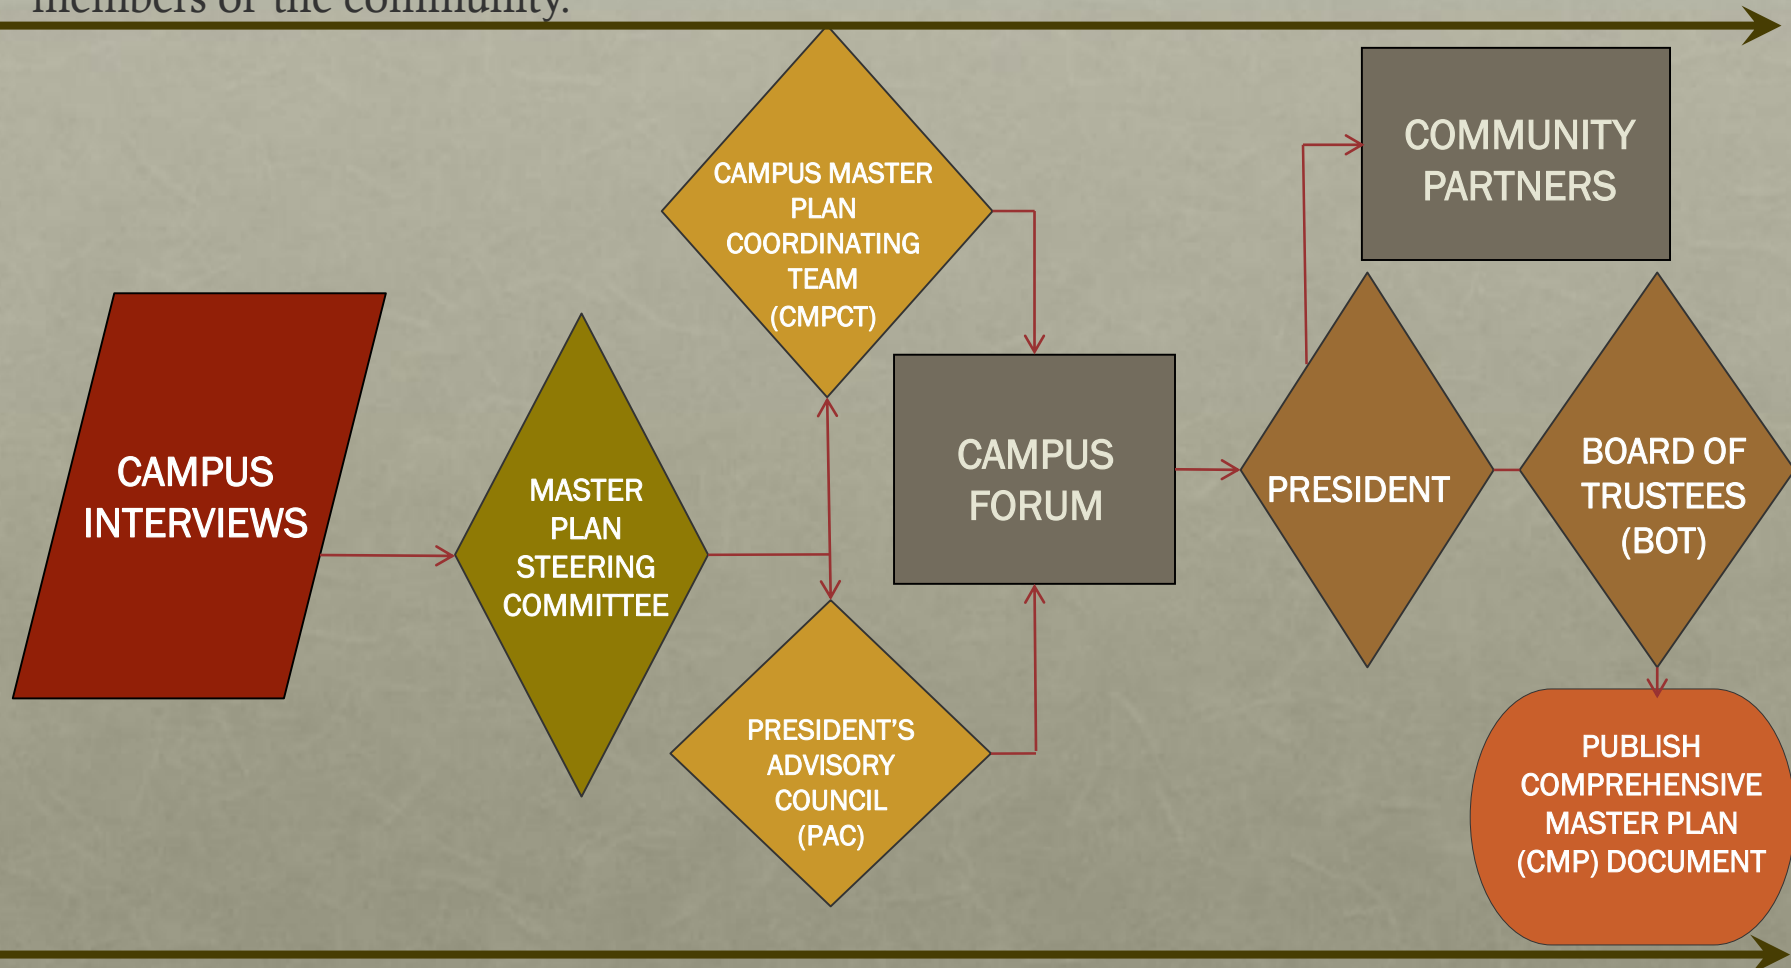

PURPOSE

- ❖ The Educational Master Plan (EMP) effort will be led by Dr. Irene Malmgren.
- ❖ The Facilities Master Plan (FMP) effort will be led by Mike Gregoryk.
- ❖ The EMP and the FMP will be developed in tandem. The EMP will drive the FMP. They will complement each other and create the Comprehensive Master Plan (CMP) document:
 - The CMP will be a reflection of the College's commitment to its mission and will reflect the long-range program development, growth, and capital plans for the College.
 - Further, the EMP will provide the foundation of the effective development of the FMP.
 - This **integrated planning** process ensures that all planning and resource allocation activities, throughout every level of the organization, are effectively linked, coordinated, and driven by the institution's vision, mission, and academic priorities.

MASTER PLANNING PROCESS

Collaboration: The planning and decision-making process incorporates not only faculty, classified staff, and administration, but also allows for input from students and members of the community.
