Subject: Prime Stop

I hate to send this to you again but I am disappointed in the hours for the store. I teach night classes. The store stop serving coffee at 5. We have classes through 10 most nights. I wrote to you a couple of years ago and we got the store to stay open till 7 -- that would work because night students could pick up stuff on their way into class. I would like the coffee to stay open a little longer.

Do we have any say in their hours? Our night students really do need some support and I don't know where there are machines close to this area.
