| 1. Annual license and maintenance agreement for National Instruments circuit simulation software suite | For the past two years, the price of the Annual License & Maintenance for National Instruments has been increased. Our current budget allocation is 1,769 and this year's invoice is priced at \$2100.21, a difference of \$331.21. Attached is a copy of last year's invoice and this year's invoice to show the difference in cost. The National Instruments MultiSim and Ultiboard circuit simulation/printed-circuit board layout programs are central to two courses within the ELEC degree program: ELEC 12 and ELEC 61. In addition, faculty use the programs in other courses to demonstrate circuit concepts and to form the basis for student assignments.<br>11000-353000-644300-093400 | \$332              |          | X       |                     |
| 2.                                                                                                     |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                    |                    |          |         |                     |

| Account Number(s):                                                                                     |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                    |                    |          |         |                     |

\*\* Please provide documentation to support the amount requested, such as the prior and current year's invoice. (Which supports the increase)  
Examples of Rate Driven Increases are existing maintenance agreements, memberships, utilities. (Not a cost increase in a supply item)
